

6929 N. Lakewood Avenue Tulsa, OK 74117

PUBLIC NOTICE OF NETWORK CHANGE UNDER RULE 51.329(a)

April 21, 2017

Carrier: Verizon New Jersey LLC, 540 Broad Street Newark, NJ 07102

Contact: For additional information on these planned network changes, please contact:

Gerald Perkins Global Engineering and System Performance Verizon Wireline Network Operations 13100 Columbia Pike, Floor 02, Pod B Silver Spring, MD 20904 301-282-5456

John Dunne Senior Manager – Global Engineering and System Performance Verizon Wireline Network Operations 2147 HWY 27 South Edison, NJ 08817 732-593-4003

Implementation Date: On or after October 23, 2017

Planned Network Change(s) will occur at the following locations in New Jersey:

Verizon Central Office	Address	CLLI
East Dover DMS100 Switch	859 Fisher Blvd, Dover TWP, NJ 08753	EDVRNJ01DS5
New Brunswick CS2K Switch	18-24 Paterson Street, New Brunswick, NJ 08901	NBWKNJNBPS1

This notice may also be viewed at http://www.verizon.com/about/terms-conditions/network-disclosures

Description of the Planned Network Change(s):

The Verizon East Dover DMS100 switch (EDVRNJ01DS5), located at 859 Fisher Blvd, Dover TWP, NJ 08753, will be decommissioned and replaced by the Verizon New Brunswick CS2K switch (NBWKNJNBPS1) located at 18-24 Paterson Street, New Brunswick, NJ 08901. After all traffic served by the East Dover DMS100 switch (EDVRNJ01DS5) is migrated to the New Brunswick CS2K switch (NBWKNJNBPS1), the East Dover DMS100 switch (EDVRNJ01DS5) will be decommissioned (retired). Network trunks will be interconnected through the New

Brunswick CS2K switch (NBWKNJNBPS1). Once these changes are completed, the New Brunswick CS2K switch (NBWKNJNBPS1) for all six (6) NPA NXX codes that are currently native to the East Dover DMS100 switch (EDVRNJ01DS5) will be reflected in the LERG. Traffic to be migrated to the New Brunswick CS2K switch (NBWKNJNBPS1) includes, but is not limited to, Inter-LATA access traffic (including Feature Group B and D traffic), Intra-LATA traffic, and local traffic.

Description of Reasonably Foreseeable Impact(s) of the Planned Change(s):

All ASRs for the New Brunswick CS2K switch (NBWKNJNBPS1) for trunk interconnection must include the project code of EDVRNJ01RP0. All carriers, including competitive local exchange carriers (CLECs), interexchange carriers (IXCs, IECs), wireless and paging carriers, will need to submit direct end office trunk (DEOT) orders no later than **September 29, 2017**. These DEOT interconnections will support traffic migration for the East Dover DMS100 switch (EDVRNJ01DS5) prior to its eventual decommissioning. Prior to decommissioning of the East Dover DMS100 switch (EDVRNJ01DS5) on or **after October 23, 2017**, LERG change effective dates will be posted. This will serve to guide interconnect re-routes of traffic for the 6 (six) native codes currently served by the East Dover DMS100 switch (EDVRNJ01DS5) to reflect the New Brunswick CS2K switch (NBWKNJNBPS1) as the new home switch.
