## Subject : Verizon Partner Solutions Industry Letter: Holly Oak DE DMS100 Switch Retirement

### PLEASE NOTE:

- All references to the Holly Oak DE DMS100 switch are associated with CLLI code HLOKDEHLDS0 and will not be repeated throughout this letter.
- All references to the Wilmington DE CS2K switch are associated with CLLI code WLMGDEWLPS1 and will not be repeated throughout this letter.

As set out in the Verizon Pennsylvania LLC Public Notice of Network Change Under Rule 51.329(a), dated September 1, 2022, on or after June, 1 2023, the Holly Oak DE DMS100 switch will be retired and removed from the Verizon network as part of ongoing efforts to modernize the network.

**General Information:** The Exchange Codes (NXXs) in Numbering Plan Area (NPA) 302 currently residing in the Holly Oak DE DMS100 switch (see list in Table B below) will be moved to the Wilmington DE CS2K switch (see details in Table A below).

The three (3) native NPA NXXs belonging to the Holly Oak DE DMS100 switch will be rehomed upon decommissioning of the switch and reflected in the Local Exchange Routing Guide (LERG) for the Wilmington DE CS2K switch. This will occur on or after June 1, 2023.

## Table A

	From	To
Entity	Holly Oak HLDS0	Wilmington WLPS1
Clli	HLOKDEHLDS0	WLMGDEWLPS1
Product	DMS100	CS2K
Location	4 SilverSide Road Holly Oak, DE 19809	901 North Tatnall Street Wilmington, DE 19801
Point Code	246 022 022	246 022 050
NXX Type	EOC	EOC
OCN	9210	9208
Rate Center Lata	228	228
Rate Center	Holly Oak	Wilmington
State	DE	DE

## Table B

NPA	NXX	TYPE	LATA	RATECENTER
302	791	EOC	228	HOLLY OAK
302	792	EOC	228	HOLLY OAK
302	793	EOC	228	HOLLY OAK
302	797	EOC	228	HOLLY OAK
302	798	EOC	228	HOLLY OAK

**Network Changes and Trunk Rearrangements:**

The Wilmington DE CS2K switch will be the recipient office of traffic migrated from the Holly Oak DE DMS100 switch. Traffic bound for the codes listed in Table B will be delivered via the Wilmington 72T Tandem (WLMGDEWL72T).

After all traffic is migrated off the Holly Oak DE DMS100 switch, this switch will be retired and removed from the network.

CLECs, IXCs, IECs, wireless carriers and paging carriers will need to secure new trunk groups built to the Wilmington DE CS2K switch or have existing trunk groups to that switch augmented. Carriers that have direct end office trunk (DEOT) with access connectivity in the Holly Oak DE DMS100 switch will be required to reposition the codes to the Wilmington DE CS2K switch.

All ASRs for the Wilmington DE CS2K switch must be received no later than March 27, 2023 to provide sufficient time to migrate the traffic described above. All traffic must be moved by June 1, 2023. All ASRs for the Wilmington DE CS2K switch must carry the project code of **HLOKDEHLDS0**.

Please adhere to industry standards using normal procedures that pertain to updates and changes to the LERG for all NXXs subject to the retirement of the Holly Oak DE DMS100 switch.

For inquiries related to the proposed network reconfiguration, or to arrange a meeting with Verizon Network Engineering and Planning personnel, please contact your Verizon Account Manager.

We look forward to working with your team to enable uninterrupted service during the network redesign and transitioning of your traffic.
