Subject : Verizon Partner Solutions Industry Letter: Central Bridge, NY (DMS100) Remote Switch Retirement, Replacement and Rehome (AMENDED)

Subject: Central Bridge, NY (DMS100) Remote Switch Retirement, Replacement and Rehome

*****This Notice replaces Verizon New Yorks previously-distributed Industry Letter dated July 12, 2023 seeking an on or after March 1, 2024 implementation date. With this Amended Industry Letter, Verizon New York advances the implementation date to on or after November 1, 2023.*****

PLEASE NOTE:

- All references to the Central Bridge NY DMS100 remote switch are associated with CLLI code CNBRNYCDRS0 and will not be repeated throughout this letter.
- All references to the new Central Bridge NY T1000 remote switch are associated with CLLI code CNBRNYCDRP0 and will not be repeated throughout this letter.
- All references to the Albany NY PEO switch are associated with CLLI code ALBYNYSSPS0 and will not be repeated throughout this letter.

As set out in the Verizon New York Inc. Short Term Public Notice of Network Change Under Rule 51.333(a) dated August 16, 2023, on or after November 1, 2023, the Central Bridge, NY RS0 remote switch will be retired and replaced by the Central Bridge RP0 remote switch which will be homed to the Albany PEO switch. The Central Bridge RS0 remote switch CLLI will be removed from the Verizon network.

General Information: The Central Bridge DMS100 remote switch will be retired and replaced by the Central Bridge T1000/Remote packet switch. See details in Table A.

The Exchange Code (868) in Numbering Plan Area (518) currently residing in the Central Bridge RS0 remote switch (Table C) will be moved to the Central Bridge RP0 remote packet switch which will home off of the Albany NY PEO switch. This rehome will be reflected in the Local Exchange Routing Guide (LERG) on or after November 1, 2023.

Table A

Description	From	To
Office Name	Central Bridge RS0	Central Bridge RP0
CLLI Code	CNBRNYCDRS0	CNBRNYCDRP0
Switch Type	DMS100 Remote	T1000/Remote packet

NPA	NXX	TYPE	Switch
518	868	EOC	CNBRNYCDRS0

Network Changes and Trunk Rearrangements:

The Albany, NY PEO switch will be the recipient office of traffic from the Central Bridge, NY T1000/ remote packet switch.

All CLECs, IXCs, IECs, ILEC, wireless carriers and paging carriers will need to provision new trunk groups to support direct end office trunking to the Albany NY PEO switch. Carriers with existing trunk groups to this switch will need to augment if necessary.

All ASRs for the Albany, NY PEO switch must be received no later than **October 1, 2023** in order to provide sufficient time to migrate the traffic described above. All traffic must be moved on or after **November 1, 2023** based on LERG change notification. ASRs for the Albany PEO switch must carry the project code of **CNBRNYCDRS0**.

Upon decommissioning of the **Central Bridge NY DMS100 remote switch**, the one (1) native code (NPA NXX) that currently resides in the **Central Bridge RS0 DMS100 remote switch** will reflect the **Central Bridge T1000 remote packet switch** which will home off of the **Albany PEO switch** in the LERG.

Please adhere to industry standards using normal procedures that pertain to updates and changes to the LERG for all NXXs subject to the retirement of the Central Bridge NY DMS100 remote switch and subsequent rehome to the Albany NY PEO switch.

For inquiries related to the proposed network reconfiguration, or to arrange a meeting with Verizon Network Engineering and Planning personnel, please contact your Verizon Account Manager.

We look forward to working with your team to enable uninterrupted service during the network redesign and transitioning of your traffic.
