Subject : Verizon Partner Solutions Industry Letter: Delanson, NY DMS100 Remote Switch Retirement, Replacement and Rehome

PLEASE NOTE:

- All references to the Delanson, NY DMS100 remote switch are associated with CLLI code DLSNNYDLRS0 and will not be repeated throughout this letter.
- All references to the new Delanson, NY T1000 remote packet switch are associated with CLLI code DLSNNYDLRP0 and will not be repeated throughout this letter.
- All references to the Albany, NY Packet End Office (PEO) switch are associated with CLLI code ALBYNYSSPS0 and will not be repeated throughout this letter.

As set out in the Verizon New York Inc. Short Term Public Notice Under Rule 51.333(a), dated November 15, 2023, on or after April 1, 2024, the Delanson, NY RS0 remote switch will be retired and replaced by the Delanson, NY RP0 remote packet switch, which will be homed to the Albany, NY PEO switch. The Delanson, NY RS0 remote switch CLLI will be removed from the Verizon network.

General Information: The Delanson, NY DMS100 remote switch will be retired and replaced by the Delanson, NY T1000 remote packet switch. See details in Table A.

The Exchange Code (895) in Numbering Plan Area (518) currently residing in the Delanson, NY RS0 remote switch (Table C) will be moved to the Delanson, NY RP0 remote packet switch, which will home off of the Albany, NY PEO switch. This rehome will be reflected in the Local Exchange Routing Guide (LERG) on or after April 1, 2024.

Table A

Description	From	To
Office Name	Delanson RS0	Delanson RP0

Rate Center	Delanson	MULTI
State	NY	NY

Table C

NPA	NXX	TYPE	Switch
518	895	EOC	DLSNNYDLRS0

Network Changes and Trunk Rearrangements:

The Albany, NY PEO switch will be the recipient office of traffic from the Delanson, NY T1000 remote packet switch.

All CLECs, IXCs, IECs, ILEC, wireless carriers and paging carriers will need to provision new trunk groups to support direct end office trunking to the Albany, NY PEO switch. Carriers with existing trunk groups to this switch will need to augment if necessary.

All ASRs for the Albany, NY PEO switch must be received no later than **February 15, 2024** to provide sufficient time to migrate the traffic described above. All traffic must be moved on or after April 1, 2024 based on LERG change notification. ASRs for the Albany, NY PEO switch must carry the project code of **DLSNNYDLRS0**.

Upon decommissioning of the **Delanson, NY DMS100 remote switch**, the one (1) native code (NPA NXX) that currently resides in the **Delanson, NY RS0 DMS100 remote switch** will reflect the Delanson, NY T1000 remote packet switch, which will home off of the Albany, NY PEO switch in the LERG.

Please adhere to industry standards using normal procedures that pertain to updates and changes to the LERG for all NXXs subject to the retirement of the Delanson, NY DMS100 remote switch and subsequent rehome to the Albany, NY PEO switch.

For inquiries related to the proposed network reconfiguration, or to arrange a meeting with Verizon Network Engineering and Planning personnel, please contact your Verizon Account Manager.

We look forward to working with your team to enable uninterrupted service during the network redesign and transitioning of your traffic.
