Plans, Features, Rates and Charges: The voice, data or M2M plan and any options, features or applications that are selected by the Customer determine the applicable rates, charges, allowance of minutes or megabytes and Wireless Service coverage area for each line. Some plans may have restrictions on the type of Equipment that can be activated on them. Information about retail plans, options, features, and applications (i.e., those that Verizon Wireless makes generally available to consumers or business customers) and their terms and conditions may be obtained at Verizon

Wireless stores, on verizonwireless.com or from Verizon Wireless business sales representatives. The voice, data or M2M plan monthly access fees and non-promotional allowance of minutes and/or megabytes for each line will not change during the Line Term as long as Customer does not change plans on that line. As detailed in the contract, rates, charges and fees, listed in Pricing Index may be changed following the formal Amendment process. Verizon Wireless may discontinue any retail plans, options, features and applications for new activations without notice. If Customer changes or upgrades Equipment, Verizon Wireless may require it to change to a then-current plan that is compatible with the changed or upgraded Equipment. Government discounts and pricing may not be available to purchases made through agents or at retail store locations.

Subsidized Equipment: Equipment purchased at Verizon Wireless government matrix and/or government promotional price. Subsidized Equipment must be active for 24 months or more before being eligible to be upgraded. In the event a Customer purchases a subsidized device and the Customer terminates services early, or moves to a lesser price plan or disconnects the devices from the Contractor's network within twenty-four (24) months of the device activation, the Contractor may bill the Customer for the unpaid portion of the subsidized amount of the device.

Term of Lines ("Line Term"): The term for each line (the "Line Term") begins on the date Wireless Service is activated for that line and continues for the period required by the calling plan or Equipment selected for that line (usually 2 years). Line Term extensions are required when Customer: (a) takes advantage of promotions or services that require a Line Term extension; or (b) purchases or upgrades Equipment except for ancillary accessories used in conjunction with Wireless Service. When the Line Term expires, Wireless Service continues on a month-to-month basis. Activation fees are waived for Government Subscribers on voice and data plans and for M2M Lines.

ThingSpace Manage: ThingSpace Manage ("ThingSpace") provides Customer with the ability to remotely monitor and manage its M2M/IoT devices. If Customer desires to access and use ThingSpace, it must so request in writing, and Verizon Wireless shall provision ThingSpace on Customer's account. Applicable rates and charges, if any, shall be set forth in this Addendum. ThingSpace set-up time is estimated to take four to six weeks. The rights granted to Customer herein for access to and use of ThingSpace are specific to Customer and may not be transferred to another party without Verizon Wireless' prior written consent. Verizon Wireless retains full and exclusive ownership of all intellectual property rights associated with the ThingSpace including any alterations, modifications, improvements and derivative works thereof.

All custom plans and features excluding machine-to-machine plans existing under the Agreement prior to the Effective Date of the Agreement ("Legacy Plans"), shall be retired and will no longer be available for new line activations, lines changing plans or lines upgrading Equipment. Verizon Wireless will allow Customer's existing Government Subscribers who are currently on such Legacy Plans to continue at the pricing, terms and conditions contained in such Legacy Plans until the Government Subscriber either changes plans or upgrades Equipment.

Preemption capability is available on the Verizon Wireless 4G LTE data network. While Preemption capability may also be available on the networks of Verizon Wireless's domestic roaming partners, Verizon Wireless makes no representation of Preemption availability or reliability on such networks. Preemption is limited to select service rate plans and cannot be used in conjunction with devices or service plans utilized with dedicated internet connections (including but not limited to, stationary wireless networking router devices), streaming video on non-smartphone devices (including but not limited to, body cameras and stationary video surveillance cameras), and IoT devices are expressly prohibited from using this feature. Please note: calls to 911 are never preempted.

Verizon Frontline Network Slice: Connected Vehicle Solution with Mobile Broadband Priority and Preemption¹

First Responder Subscribers Only

This plan is not eligible for monthly access fee discounts.

| | |
|--|-----------|
| Monthly Access Fee | \$30.00 |
| VFNS, 5G Ultra Wideband and 4G LTE Data Allowance² | Unlimited |
| Plan # | 77158 |

Notes: Verizon Wireless will provide Customer with the Verizon Frontline Network Slice (VFNS) - Connected Vehicle solution where 5G is available, in select markets. Pre-qualification is required. The VFNS - Connected Vehicle solution is only available on the Verizon Wireless 5G Nationwide[®] network and 5G Ultra Wideband (UWB) network. The VFNS - Connected Vehicle solution may fall back to the 4G LTE network if the Verizon Wireless 5G Nationwide network or 5G Ultra Wideband network becomes temporarily unavailable. A VFNS-compatible 5G router and antenna installed in mobile vehicle units are required to activate lines on this plan.

¹**This is a data-only plan.**

²Data usage on this plan is not subject to speed reductions ("throttling").

This plan includes Mobile Broadband Priority and Preemption services on Verizon Wireless's end-to-end network for First Responders. Mobile Broadband Priority identifies the user with an access priority setting, giving the user higher priority for network access than lower access class users. Preemption automatically activates to provide approved personnel uninterrupted access to the network in those uncommon times when the network is fully utilized. 911 calls are never preempted.

While the best performance will be experienced in 5G VFNS coverage areas, Customer will still experience improved performance with Mobile Broadband Priority and Preemption services while in Verizon Wireless 5G Nationwide and 4G LTE network service areas.

This plan is limited to usage only with a VFNS-compatible 5G router installed within a mobile vehicle unit and devices utilized in conjunction with this plan are limited to devices within the mobile vehicle unit. Prohibited uses include, but are not limited to, (i) any usage of the VFNS-compatible 5G router outside of the mobile vehicle unit; (ii) any dedicated internet connections (including but not limited to, stationary wireless networking router devices); and (iii) stationary video surveillance cameras, and IoT devices.

In order to protect its network, Verizon Wireless reserves the right to modify or discontinue this service at any time to Customer for (i) abusive content or data that excessively contributes to congestion on Verizon Wireless's network; or (ii) in a manner that, in Verizon Wireless's sole discretion, has an adverse impact on its network, operations, or customers.

*** A brief service outage and device reboot may be required in order for the new plan to take effect. Verizon Wireless may proactively contact Customer to facilitate a plan migration.**

This plan is available to Select NAICS (formerly SIC) Codes in the following industries at the discretion of Verizon Wireless.

4G/5G Public Safety Bodycam Shared Data Plans National Security, Public Safety, and First Responders

| Plan # | 63689 | 63690 | 63732 | 63735 |

Notes: Current coverage details and additional plan information can be found at www.verizonwireless.com. Coverage includes the Verizon Wireless 5G Ultra Wideband (UWB) network, 5G Nationwide® network, and 4G LTE network. For avoidance of doubt, the Verizon Wireless 5G Nationwide network is a separate network from the Verizon Wireless 5G UWB network. Lines activating on these plans must be on 5G UWB-compatible, 5G Nationwide, or 4G LTE mobile broadband devices.

¹A 5G device is required to receive 5G UWB service.

²Devices activated on these plans cannot be used outside of the United States.

Data Sharing: Lines on the same billing account on custom share plans with the same data overage rate can share data. At the end of each billing cycle, any unused data allowances will be applied to the overages of other lines, beginning with the line with the lowest overage.

These plans include Domestic Mobile Broadband Priority and Domestic Preemption. Mobile Broadband Priority provides a dedicated pool of radio resources to enable Customer connection to the network based on access hierarchy settings on the 4G LTE and 5G Nationwide network. Mobile Broadband Priority identifies the user with an access priority setting which provides that user with network access ahead of users with a lower access setting. Preemption automatically activates to provide approved personnel uninterrupted access to the network in those uncommon times when the network is fully utilized. 911 calls are never preempted.

*** A brief service outage and device reboot may be required in order for the new plan to take effect. Verizon Wireless may proactively contact Customers to facilitate a plan migration.**

| STANDARD INSTALL | POTSOLVE_INSTALL | Under the standard installation process for the POTSolve system, the site point of contact (POC) is asked to contact their monitoring service to place fire and security panels into test mode for at least four hours when life safety lines are involved. The POTSolve enclosure and 66-block are then mounted, by CSG Technicians, the system is powered up, and internet connectivity is confirmed. Two speed tests are performed and documented, and the ATAs are verified to be online. Test calls are made from the 66-block for all provisioned lines before crossconnects are restarted, and the site POC confirms that fire and security panels are in test mode. Cross-connect wiring is removed from the existing demarc punch down, and connections are made to the POTSolve 66-block for each provisioned line. Each line is tested as close to the device as possible, and if no access is available, testing is conducted at the POTSolve 66-block. The customer may need to contact their vendor to test from fire and security panels. Post-install, photos are taken of the installed POTSolve enclosure, the 66-block, and the interior of the enclosure. Limited to 2 hours. | 751952 | \$299.00 | N/A |
| SITE SURVEY | POTSOLVE_SITE_SURVEY | POTSolve site survey, by CSG technicians, is On-Site Support (OSS), of the installation process includes identifying the installation area, which requires a 2ft by 2ft backboard space in the demarcation area, and verifying the AC power outlet within 5ft of the install area. OSS also ensures | 776202 | \$299.00 | N/A |

| | | the verification of the Verizon LTE signal and, if the signal is below acceptable levels, the identification and documentation of the best pathway and mounting area for an external antenna. Existing lines being replaced by POTSolve in the demarc area are traced and tagged, and if there are multiple demarcs, the corresponding lines for each demarc are identified. OSS checks for an active LAN connection within 10ft of the install area for life safety lines and verifies that all devices moving to POTSolve are functioning correctly. Post-install, photos are taken of the end devices, the entire room where the demarc is located, demarc punch down fields, proposed backboard space, closest power outlet in relation to the install area, and the closest active LAN connection when life safety lines are involved. | | | |
| NONSTANDARD INSTALL PRO SERVICES | NON_STANDARD_INSTALL_PROSVCS | A complex installation of the POTSolve system by CSG Technicians, is characterized by multiple demarcation points in different areas of the property, shared lines that use fire, security, and elevator lines to connect other devices such as fax machines, credit card machines, and postage machines. Additionally, complex installations involve undocumented or untagged existing lines being replaced by POTSolve and situations where the LTE signal is below acceptable levels at the proposed installation area, typically near the demarcation location. | 751953 | \$75.00 | N/A |

GPS Implementation & Operational Guidelines

I. Data Governance

Minimalist Data Input: Agencies are advised to avoid uploading Personally Identifiable Information (PII) such as home addresses or Social Security numbers. Instead, vehicles and drivers should be identified by information such as **Vehicle ID Numbers** and **Employee IDs** or **Other Public Unidentifiable Information**.

II. Access Control & Security

Role-Based Access: Implementation must include the configuration of restrictive user profiles. Only designated "Fleet Administrators" may view location data, while general users or departmental supervisors see only aggregated efficiency reports.

III. Internal Agency Policy Framework

Standard Operating Procedures (SOPs): Each department should establish an internal GPS/Telematics Policy that outlines the specific business purposes of the system (e.g., safety, fuel reduction, maintenance).

Employee Transparency: Agencies should provide written notice to employees regarding the use of telematics for business purposes, including the types of data collected (e.g., speed, idling, location).

The wireless feature, when applied to an eligible Verizon Wireless voice plan, will fully integrate your chosen Verizon Wireless Telephone number into the cloud calling and team collaboration solution offered by Microsoft. Once connected, you are able to use your wireless numbers to receive inbound and make outbound calls directly through your Enterprise Microsoft Teams instance for treatment and management.

Verizon Mobile for Microsoft Teams Government Subscribers Only

Features are NOT eligible for monthly access discounts.

| Description | Feature Code | Monthly Service Fee |
|----------------------------------|--------------|---------------------|
| Verizon Mobile for MS Teams GOVT | 89561 | \$4.00 |

Note: Verizon Mobile for Teams feature works with 5G Nationwide® network and 4G network plans. For avoidance of doubt, Verizon's 5G Nationwide® network is a separate network from Verizon's 5G Ultra-Wideband network. **Lines activating on this feature must be on 5G Nationwide or 4G LTE smartphones.**

<https://www.verizon.com/support/verizon-mobile-for-ms-teams-legal/>

****Disclaimer: Customers should be aware of the following service limitations:

Emergency 911 Calls. 911 will be terminated by Verizon Wireless according to the end user's cellular geo-location if dialed from an assigned mobile device native dialer using the Verizon cellular network. If 911 is dialed from a Microsoft provided app on the phone, laptop, tablet, or desktop; or from a stationary desk IP Phone using a data network connection, the location defined for 911 by your Microsoft Administrator within Microsoft Teams will be used for routing purposes. ***Please see Verizon Mobile for Microsoft Teams Terms and Conditions Addendum for other important information about 911 configuration and other service limitations.***

Voice Mail Removal and Retention. Adding the Verizon Mobile for Microsoft Teams feature will remove the Verizon voice mail associated to any existing and identified wireless line. It is the customer's responsibility to move and save any needed voicemail prior to activation of the service with Verizon. Verizon does not guarantee that voice mail will be retained in any form. The end user will switch to Microsoft Teams provided voice mail and must setup according to established Microsoft configuration and procedures.

Wireless Priority Service. Wireless Priority Service (WPS) is impacted by call routing to Microsoft. Verizon will support WPS call prioritization at its radio access network. Such prioritization will be removed when the call is transferred to the Microsoft Data network for PBX call routing.

Vendor Privacy. Verizon Mobile for Microsoft Teams enables Verizon wireless smartphone voice communications by routing calling through Microsoft Teams. When you enable this feature, Verizon shares information with Microsoft about end users, such as the phone number and call-related data. This information will be handled by Microsoft in accordance with Microsoft's privacy practices. You authorize Verizon to share your data with Microsoft and acknowledge that any customer requirements for data security will be covered under your separate agreement with Microsoft.

Availability:

This feature is available to any U.S. federal, state and local government customers ("USG Customers") that do not require high security FED RAMP compliance and utilize Microsoft Teams GCC Low or Medium government security platforms. Access to the feature is also regulated appropriately by governing State or Federal contract independently

Terms and Conditions:

Verizon Wireless Plan and Feature Details

Plans and Associated Charges: Billing, shipping and end-user address must be within an area where Verizon Wireless is licensed and provides service. Charges for calls will be based on the cell sites used, which may be outside the calling plan coverage area even when the subscriber is physically within the coverage area. Time of the call is based on the telephone switching office that carries the call, which may be different from the time of day shown on subscriber's phone. Unused monthly minutes and/or Megabytes are lost. On outgoing calls, charges start when subscriber first presses SEND or the call connects to a network, and on incoming calls, when the call connects to a network (which may be before it rings). A call may end several seconds after subscriber presses END or the call disconnects. Calls made on the Verizon Wireless network, are only billed if they connect (which includes calls answered by machines). Billing for airtime and related charges may sometimes be delayed. Calls to "911" and certain other emergency services are toll-free and airtime-free. Airtime may be charged when dialing toll-free numbers.

Anytime Minutes: **Anytime Minutes** apply when making or receiving calls from a calling plan's rate and coverage area. . Airtime is rounded up to the next full minute. Allowance minutes/Megabytes are not transferable except as may be available on plans with sharing. In order to gain access to coverage in newly expanding markets, subscribers must periodically dial *228 to update roaming information from voice or Smartphone devices; from the VZAccess Manager, go into "Options" and click "Activation," while in the National Enhanced Services Rate and Coverage Area every three months. This may alter the rate and coverage area. Automatic roaming may not be available in all areas and rates may vary. Roaming charges may be delayed to a later bill.

Long Distance: Unlimited domestic long distance is included when calling from the calling plan's home rate and coverage area, unless otherwise specified in the calling plan.

Unlimited Messaging: Unlimited Messaging is included with select plans and is available in the National Enhanced Services rate and coverage area in the United States. Messaging applies when sending and receiving (i) text, picture and video messages to and from Verizon Wireless and Non- Verizon Wireless customers in the United States,

(ii) Text, picture, and video messages sent via email, (iii) Instant messages, and (iv) Text messages with customers of wireless carriers in Canada, Mexico, Puerto Rico, and the U.S. Virgin Islands. Messaging is subject to Text, Picture, and Video Messaging Terms and conditions. Premium messages are not included.

Mobile to Mobile Calling: Mobile to Mobile Calling minutes apply when making calls directly to or receiving calls directly from another Verizon Wireless subscriber while in the Nationwide Rate and Coverage area. Mobile to Mobile calls must originate and terminate while both Verizon Wireless subscribers are within the Mobile to Mobile Calling area. Mobile to Mobile Calling is not available (i) with fixed wireless devices with usage substantially from a single cell site, (ii) for data usage including Push to Talk Plus calls, Picture or Video Messaging (iii) if Call Forwarding or No Answer/Busy Transfer features are activated, (iv) for calls to Verizon Wireless customers using any of the International services, (v) for calls to check Voice Mail, (vi) in those areas of Louisiana and Mississippi where the users roaming indicator flashes, (vii) in Canada and Mexico and (viii) to users whose current wireless

exchange restricts the delivery of Caller ID And (viii) for incoming calls if Caller ID is not present or Caller ID Block is initiated. Mobile to Mobile Calling minutes will be applied before Anytime Minutes.

Night and Weekend Minutes: Apply to calls made in a calling plan's rate and coverage area only during the following hours: 12:00 am Saturday through 11:59 pm Sunday and 9:01 pm to 5:59 am Monday through Friday. If both Night and Weekend and Mobile to Mobile Calling minute allowances apply to a given call, Mobile to Mobile Calling minutes will apply before Night and Weekend minutes. However, if either allowance is unlimited, the unlimited allowance will always apply first.

Push to Talk Plus: Push to Talk Plus capable Equipment required. Push to Talk Plus capable Equipment can only be used with a Push to Talk Plus calling plan. **Subscribers switching from a Push to Talk Plus Calling Plan to another calling plan may not be able to use certain Push to Talk Plus capable Equipment with the new plan.** Push to Talk Plus calls may only be made with other Verizon Wireless Push to Talk Plus subscribers. Push to Talk Plus Subscribers may initiate or participate on a call, simultaneously, with as many as 250 total participants (total is limited to (50) if interoperating between 3G and 4G participants). Administrators can be designated to manage the Push to Talk contact lists via a single website interface with a single user name/password. Existing Push to Talk Subscriber Equipment may require a software upgrade to use Push to Talk Plus or replacement with a Push to Talk Plus capable device. Push to Talk Plus is only available within the National Enhanced Services Rate and Coverage Area and WiFi access points. There will be a delay from the time a Push to Talk Plus call is initiated until the Push to Talk Plus call is first received by the called party. If an incoming voice call is received while on a Push to Talk Plus call the voice call may be answered and the Push to Talk Plus placed on hold. If an incoming Push to Talk Plus call is received while on a Push to Talk Plus call the PTT call icon can be selected to connect to the Push to Talk Plus call. If the incoming voice or Push to Talk Plus call is not answered a missed call alert will display. Network registration information will be sent to the Equipment each time it is powered on in the National Enhanced Services Rate and Coverage Area, each time the Subscriber travels into the National Enhanced Services Rate and Coverage Area, and every 12 hours if the Subscriber stays within the National Enhanced Services Rate and Coverage Area. While the updated network registration information is being sent to the Equipment, incoming voice calls will go directly to voice mail. Contact list cannot be modified from certain Equipment. Subscriber cannot prevent others who have the Subscriber's MTN from entering the MTN into their Push to Talk contact list. Only one person can speak at a time during a Push to Talk Plus call. In-Call Talker Override (Talker Priority) allows a pre-determined user priority to take the floor to communicate urgent message over participant. Push to Talk Plus services cannot be used for (i) access to the Internet, intranets or other data networks, except as the device's native applications & capabilities permit, (ii) any applications that tether Equipment to laptops, personal computers or other devices for any purpose. Please refer to the attached One Talk terms of service.

International Long Distance: You need International Eligibility to make international calls to most countries, but you can make calls to some North American destinations without it. Additional surcharges may apply when calling certain countries.

International Roaming Some services, such as premium text messaging, directory assistance, entertainment lines and third-party services, may be available, and charges for these services will be billed (along with applicable toll charges) in addition to roaming rates. Message-waiting-indicator

service is not available where Text Messaging is not available. When using International Phone, or International Data services, or if you subscribe to a Nationwide Plus Canada or Nationwide Plus Mexico Plan, and you're roaming near country borders, calls may be carried by a cell site located in a neighboring country and billed at that country's rates. Verizon Wireless will terminate your service for good cause if less than half of your voice or data usage over three consecutive billing cycles is on the Verizon Wireless National Enhanced Services Rate and Coverage Area. International rates and destinations are subject to change without notice. You must add International Eligibility to your account to roam in many destinations. By using Equipment outside the United States, Subscriber is solely responsible for complying with all applicable foreign laws, rules and regulations ("Foreign Laws"), including Foreign Laws regarding use of wireless phones while driving and use of wireless camera phones. Verizon Wireless is not liable for any damages that result from subscriber's failure to comply with Foreign Laws.

Roaming in GSM countries: GSM International Phone, activated in the United States with compatible Subscriber Identity Module (SIM) card required. Rates terms and conditions apply only when roaming on participating GSM networks in published International Phone countries. Service may be available in additional countries, but airtime rates, availability of calling features, and ability to receive incoming calls (including return calls from emergency services personnel) may be restricted. Service in certain countries may be blocked without prior notice. Where Text messaging is available, Customer will be charged \$0.50 for each message sent and \$0.05 for each message received. Text messaging rates are subject to change. Text messages may be sent only to MTNs of (i) Verizon Wireless customers, and (ii) customers of foreign wireless carriers that participate in international text messaging. [Ask](#) your account manager for the most current list of participating foreign carriers.

Data Services

Data Services: Verizon Wireless charges you for all data and content sent or received using our network (including any network overhead and/or Internet Protocol overhead associated with content sent or received), as well as resolution of Internet Protocol addresses from domain names. Sending or receiving data using a virtual private network (VPN) involves additional VPN overhead for which you will be charged. Please note that certain applications or widgets periodically send and receive data in the background, without any action by the user, and you will be billed for such data use. Applications may automatically re-initiate data sessions without you pressing or clicking the **send** or connect button.

Data sessions automatically terminate after 24 hours. A data session is inactive when no data is being transferred. Data sessions may seem inactive while data is actively being transferred, or may seem active when the data is actually cached and data is not being transferred. If you have a Data Only plan and use voice service, domestic voice calls will be billed at \$0.25/minute.

Verizon Wireless is implementing optimization and transcoding technologies in our network to transmit data files in a more efficient manner to allow available network capacity to benefit the greatest number of users. These techniques include caching less data, using less capacity, and sizing the video more appropriately for the device. The optimization process is agnostic to the content itself and to the website that provides it. While Verizon Wireless invests much effort to avoid changing text, image, and video files in the compression process, and while any change to the file is likely to be indiscernible, the optimization process may minimally impact the appearance of the file as displayed on your device. For a further, more detailed explanation of these techniques, please refer to the Network Performance attachment.

Verizon Wireless strives to provide customers with the best experience when using our network, a shared resource among tens of millions of customers. To further this objective, Verizon Wireless has implemented Network Optimization Practices designed to ensure that the overwhelming majority of data customers aren't negatively impacted by the inordinate data consumption of a few users. If you use an extraordinary amount of data and fall within the top 5% of Verizon Wireless data users, Verizon Wireless may reduce your data throughput speeds when connected to a congested cell site. The reduction can last for the remainder of the current bill cycle and the immediately following bill cycle to ensure high quality network performance for other users at locations and times of peak demand. For a further more detailed explanation of these techniques please refer to the Network Performance attachment. Data transfer amounts will vary based on application. If you download an audio or video file, the file may be downloaded in sections or in its entirety; data charges will apply to the portion downloaded, regardless of whether you listen to or watch all of it. You may access and monitor your own data usage during a particular billing period, including during the Return Period, by accessing My Verizon online or by contacting Customer Service.

Data Services: Permitted Uses: You can use Verizon Wireless Data Services for accessing the Internet and for such uses as: (i) Internet browsing; (ii) email; (iii) intranet access (including accessing corporate intranets, email and individual productivity applications made available by your company); (iv) uploading, downloading and streaming of audio, video and games; and (v) Voice over Internet Protocol (VoIP).

Data Services: Prohibited Uses. You may not use our Data Services for illegal purposes or purposes that infringe upon others' intellectual property rights, or in a manner that interferes with other users' service, that violates trade and economic sanctions and prohibitions as promulgated by the Departments of Commerce, Treasury or any other U.S. government agency, that interferes with network's ability to fairly allocate capacity among users, or that otherwise degrades service quality for other users. Examples of prohibited usage include: (i) server devices or host computer applications that are broadcast to multiple servers or recipients such that they could enable "bots" or similar routines (as set forth in more detail (ii) below) or otherwise denigrate network capacity or functionality; (ii) "auto-responders," "cancel-bots," or similar automated or manual routines that generate amounts of net traffic that could disrupt net user groups or e-mail use by others; (iii) generating "spam" or unsolicited commercial or bulk e-mail (or activities that facilitate the dissemination of such e-mail); (iv) any activity that adversely affects the ability of other users or systems to use either Verizon Wireless' services or the Internet-based resources of others, including the generation of dissemination of viruses, malware, or "denial of service" attacks; (v) accessing or attempting to access without authority, the information, accounts or devices of others, or to penetrate, or attempt to penetrate Verizon Wireless' or another entity's network or systems; or (vi) running software or other devices that maintain continuous active Internet connections when a computer's connection would otherwise be idle or "any keep alive" functions, unless they adhere to Verizon Wireless' requirements for such usage, which may be changed from time to time.

Verizon Wireless further reserves the right to take measures to protect our network and other users from spam, compromised capacity or degradation in performance. These measures may impact your service, and Verizon Wireless reserves the right to deny, modify or terminate service, with or without

notice, to anyone Verizon Wireless believes is using Data Services in a manner that adversely impacts the Verizon Wireless network. **Verizon Wireless may monitor your compliance, or other subscribers' compliance, with these terms and conditions, but Verizon Wireless will not monitor the content of the communications except as otherwise expressly permitted or required by law. This means, by way of example only, that checking email, surfing the Internet, downloading legally acquired songs, and/or visiting corporate intranets is permitted, but downloading movies using P2P file sharing services and/or redirecting television signals for viewing on laptops is prohibited.

For individual use only and not for resale. We will protect our network from harm, which may impact legitimate data flows. We reserve the right to limit throughput or amount of data transferred exceeding 25 GB in any given billing cycle on any line, in any given billing cycle, for all additional usage for the remainder of the then-current bill cycle for the line that exceeds the data usage, and reserve the right to deny or terminate service, without notice, to anyone we believe is using an Unlimited Data Plan or Feature in any manner prohibited above or whose usage adversely impacts our network or service levels. Anyone using more than 25 GB per line in a given billing cycle is presumed to be using the service in a manner prohibited above, and we reserve the right to immediately terminate the service of any such person without notice. We reserve the right to adjust data throughput limitation thresholds to as low as 5GB in with prior written notice. We also reserve the right to terminate service upon notification to the customer.

Unlimited, Mobile Broadband Access, and International Access data sessions may be used for the following purposes: (i) Internet browsing, (ii) e-mail, and (iii) intranet access (including access to corporate intranets, e-mail and individual productivity applications like customer relationship management, sales force and field service automation). Verizon Wireless reserves the right to terminate the service of any subscriber whose total usage is less than half on the Verizon Wireless National Enhanced Services Rate and Coverage Area over three consecutive billing cycles.

M2M Data Plans and Feature Details

A data session is inactive when no data is being transferred, and may seem inactive while data is actively being transferred to a device, or seem active when actually cached and not transferring data. Customer must maintain virus protection when accessing the service and is responsible for all data sent and received including "overhead" (data that is in addition to user-transmitted data, including control, operational and routing instructions, error-checking characters as well as retransmissions of user-data messages that are received in error) whether or not such data is actually received. Verizon Wireless will not be liable for problems receiving Service that result from Customer's device.

Megabyte (MB) Data Plans: M2M data usage is rounded to next full kilobyte at end of each billing cycle. Any unused portion of the megabyte allowance is lost. Equipment will not indicate kilobyte usage.

Data Roaming: International eligibility is needed to roam in many destinations. Only the Canadian Broadband Rate and Coverage Area supports EV-DO. Please refer to the attached international services pricing for additional details.

M2M Data Plan Share Options:

Share Options: Sharing is available only among Government Subscribers on applicable M2M Low Usage and High Usage calling plans.

Account Share: Customer may activate up to 15 share groups per account. Sharing is available only among M2M Lines on the Mobile Broadband M2M Account Share Plans on the same billing account, in the same usage group (e.g. Low Usage and High Usage plans cannot share with each other). Unused allowance will be distributed to M2M Lines with an overage on an as needed basis to M2M Lines on the same billing account that have exceeded their allowance during the same monthly billing period. At the end of each bill cycle any unused allowances will be applied to the overages of the other M2M Lines on the same account beginning with the line with the lowest overage need until depleted. Customers subscribing to Mobile Broadband M2M Account Share Plans will be billed on separate billing accounts and invoices from Subscribers to the Mobile Broadband M2M Profile Share Plans.

Sharing is available only among M2M Lines on the Mobile Broadband M2M Profile Share Plans **on the same profile, in the same usage group**. Each sharing M2M Lines unused KBs will pass to other sharing M2M Lines that have exceeded their data allowance during the same monthly bill cycle. Unused

KBs will be distributed proportionally as a ratio of the KBs needed by each applicable M2M Line to the total KBs needed by all sharing M2M Lines **on the same profile**. Customers subscribing to Mobile Broadband M2M Profile Share Plans will be billed on separate billing accounts and invoices from Subscribers to the Mobile Broadband M2M Account Share Plans.

Note: 1A profile is defined as a Customer's overarching account of record under which Customer may have multiple billing accounts

Call Filter Service Attachment to Verizon Wireless Agreement: Government Terms of Service

This Call Filter Service Attachment ("Call Filter Attachment") to the Agreement between Customer and Verizon Wireless sets forth the terms and conditions specific to the Call Filter Service (described below) to be provided by Verizon Wireless to Customer hereunder. If there are any inconsistencies between this Call Filter Attachment and the Agreement, this Call Filter Attachment shall control with respect to the Call Filter Service functionality or operation. Any capitalized but undefined terms used in this Call Filter Attachment shall have the meanings given such terms in the Agreement.

1. **Call Filter Service Overview.** Verizon Wireless's Call Filter Service allows Customer to take manage its calls (the "Service").
2. **Call Filter and Call Filter Plus Service Description.** Call Filter is available to Customer for no additional monthly charges, and provides spam protection (spam alerts, blocking and reporting). Call Filter Plus provides added protection with caller ID and other premium features for a monthly charge, which are set forth in the Call Filter Plus Service Fees exhibit attached hereto. Call Filter utilizes network-based functionality to provide spam alerts and caller ID information on Customer's devices, and will not require the Call Filter application for these features. Spam blocking and other enhanced spam protection tools require the Call Filter application and a compatible device. Availability of certain features will vary depending on the device. Basic phones will receive network-based spam protection. Call Filter requires Verizon Wireless's 4G LTE network; limited features of the Service may be available if Customer is roaming on a VoLTE network outside of Verizon Wireless's 4G coverage area.
3. **Call Filter Limitations.** Call Filter is not available for incoming calls from restricted or unlisted numbers. Call Filter does not detect spam calls from international numbers, but Customer may choose to block calls from international numbers. Call Filter utilizes analytics and databases that are continually evolving, including spam reporting by customers. Call Filter may not work with some of our other services like NumberShare or eSIM lines.
4. **Spam Protection and the Call Filter Application.** Call Filter will alert Customer when Customer receives potential spam calls and allows Customer to turn on the spam filter to automatically block (send directly to voicemail) spam calls based on Customer's preferred risk level (as determined by Customer in the Call Filter application). If Customer enrolls in Call Filter through the Call Filter application, Verizon will automatically turn on Customer's spam filter to block all high-risk spam calls, but Customer can always turn off or adjust the blocking within the Call Filter application. Call Filter Plus, provides additional protection with caller ID for unknown numbers, access to a risk assessment meter for each spam call, reverse spam number lookup, and additional categories of spam alerts including "Robo Caller" or "Potential Fraud." With Call Filter Plus, depending upon Customer's device, Customer may also be able to view a list of callers that have been identified as spam or blocked, and block and un-block specific numbers. Call Filter's spam detection and block management may inadvertently mislabel or block

legitimate callers including those to whom Customer may have given consent to communicate with via Customer mobile number. Customer should check Customer voicemail to determine if the caller is legitimate (if they left a voice message and if Customer have voicemail enabled). Verizon Wireless does not guarantee that all calls that are spam will be detected. Customer's spam settings such as spam filters and personal block and spam lists will be permanently deleted once Customer changes devices, uninstalls the Call Filter application, unsubscribes or downgrades the Service, or in the case of Android users, disables the Call Filter application or clear application cache or data.

5. **Caller ID.** Caller ID, available with Call Filter Plus, displays the name, phone number, city and state of a caller's phone number, if these details are available and supported by Customer's device. Some devices may only display the caller's name as the Call Filter may not be available on all devices. Some devices also allow identification of text messages when using an eligible messaging application. Android users may also see the caller's uploaded photo if available.
6. The caller's identity may not show if they are labelled as Robo Caller, Potential Spam or Potential Fraud on certain operating systems. Customer's saved contact names will show instead of the caller identification (so if a call would normally show as a Robo Caller with the Service, but is in Customer's list of contacts, that contact name will show instead). If Customer uploads a photo, Customer's photo will be seen by other Verizon Wireless customers that use the Service but will not override a Customer's contact photo (uploading is not available for all devices).
- 7.
8. **Data Charges.** Subject to the Agreement, data charges may apply for download of the application and use of the Service. Call Filter does not operate on Wi-Fi, so data charges may apply when using the Service even if Customer device is also connected to Wi-Fi. If Customer's device is eligible for the uploading or receiving of a picture, data charges apply to such uploading and also for receiving pictures. Such data charges will be billed to Customer's Verizon Wireless account according to Customer's data plan. The Service will automatically renew every month unless canceled. For Call Filter Plus, Customer will be billed a Monthly Access Fee as specified in the Call Filter Plus Service Fees exhibit.
9. **Privacy.** Verizon Wireless may use information about Customer's activity in the Service, subject to our Privacy Policy, please refer to the attached Verizon Full Privacy Policy. In order to provide the Service to Customer, Verizon Wireless will access the following information: MTN, contacts, call log, and messages (Android devices only). Verizon Wireless does not share information for any other purposes other than to render the Service. While a Customer end user can review or turn off these permissions at any time in the device settings, without access to that information, the Service will not be provided to that device.

3rd Eye and 3rd Eye's licensors, respectively, retain exclusive ownership of all right, title, and interest in and to all intellectual property in the Software. Nothing in this Agreement constitutes a sale or other transfer or conveyance of any right, title, or interest in the Software.

12. Limited Warranties/Intellectual Property Indemnification.

a. Software Limited Warranty.

(i) ANY SOFTWARE LICENSED UNDER A SPECIAL PURPOSE LICENSE IS FURNISHED "AS IS" WITH ALL FAULTS AND WITHOUT WARRANTY OF ANY KIND, EXPRESS OR IMPLIED.

If use of the Software is enjoined or threatened to be enjoined in connection with an IP Claim, 3rd Eye may, at its expense, either: (y) obtain for You the right to continue to use the Software, or (z) replace the Software with non-infringing software that has substantially similar features and functionality, the use of which is not restricted or prohibited. If in 3rd Eye's sole judgment, neither of the foregoing actions is reasonably available to it, then 3rd Eye will refund the amount paid by You for the Software depreciated on a five year straight-line basis. e. [RESERVED]

f. 3rd Eye has set its prices and entered into this Agreement in reliance upon the disclaimers of warranty and the limitations of liability stated above. Those disclaimers and limitations reflect an allocation of risk between 3rd Eye and You, and they form an essential basis of the bargain between 3rd Eye and You.

14. Compliance with Laws; Export Requirements.

You shall comply with all applicable laws and regulations in connection with the movement and use of the Software. This Agreement (and any associated order form or other agreements referenced herein) constitutes the entire agreement between you and Asavie with respect to the subject matter of this Agreement, and supersedes and replaces any other prior or contemporaneous agreements, or terms and conditions applicable to the subject matter of this Agreement. This Agreement creates no third party beneficiary rights. Asavie's failure to enforce a term of this Agreement is not a waiver of its right to do so later. If a term is found unenforceable, the remaining provisions of the Agreement will remain in full effect and an enforceable term will be substituted reflecting our intent as closely as possible. You may not assign any of your rights under this Agreement, and any such attempt will be void. Asavie may assign its rights to any of its affiliates or subsidiaries, or to any successor in interest of any business associated with the Moda service. Upon termination for any reason: all rights granted to you under this Agreement shall cease; you must cease all activities authorized by this Agreement and you must immediately delete, remove and cease access to the Moda service from all devices on which the Moda service has been installed and all copies of the Moda service then in your possession, custody or control. 3. Suspension and Termination.

3.1. Notwithstanding anything to the contrary contained herein, CSG may suspend or terminate the Services, and Customer's account access, if: (a) Customer materially breaches these Terms, including any obligations under the Acceptable Use Policy; or (b) CSG deems necessary to protect the Services.

3.2. Under no circumstances will CSG be liable to Customer by reason of the suspension or termination of the Services in accordance with these Terms for compensation, reimbursement or damages of whatsoever nature including, without limitation, for (i) indirect or consequential damages, (ii) loss of prospective compensation or earnings, (iii) goodwill or loss thereof, or (iv) expenditures, investments, or any type of commitment made in connection with the business of Customer or in reliance on the existence of these Terms.

Customer acknowledges that it has no right or interest in the CSG IP (except as expressly permitted by these Terms).

6. DISCLAIMER OF WARRANTY. EXCEPT AS OTHERWISE EXPRESSLY SET FORTH IN THIS AGREEMENT, CSG MAKES NO REPRESENTATIONS, WARRANTIES OR GUARANTEES OF ANY KIND, EITHER EXPRESS OR IMPLIED, INCLUDING, WITHOUT LIMITATION, WITH RESPECT TO CONDITION OR QUALITY, PERFORMANCE, MERCHANTABILITY, FITNESS, CAPACITY OR DURABILITY FOR ANY PARTICULAR PURPOSE OR USE OR NON-INFRINGEMENT, AND

EXPRESSLY DISCLAIMS ANY OTHER REPRESENTATION, WARRANTIES AND GUARANTEES WITH RESPECT TO THE SERVICES.

7. LIMITATION OF LIABILITY; EXCLUSION OF DAMAGES. TO THE EXTENT PERMITTED BY LAW, CSG AND ANY AUTHORIZED RESELLER OF THE SERVICES WILL NOT BE LIABLE FOR ANY INCIDENTAL, SPECIAL, OR EXEMPLARY DAMAGES (INCLUDING, WITHOUT LIMITATION DAMAGES FOR LOSS OF PROFITS, LOSS OF GOODWILL, BUSINESS INTERRUPTION, LOSS OF BUSINESS OPPORTUNITY, OR ANY OTHER PECUNIARY LOSS) SUFFERED BY CUSTOMER RELATED TO OR ARISING OUT OF THE SERVICES AND/OR FROM ANY OTHER CAUSE WHATSOEVER, EVEN IF CSG HAS BEEN ADVISED OF THE POSSIBILITY OF SUCH DAMAGES. MOREOVER, IN NO EVENT WILL CSG'S AGGREGATE LIABILITY ARISING OUT OF OR RELATED TO THESE TERMS, WHETHER IN CONTRACT, TORT OR UNDER ANY OTHER THEORY OF LIABILITY, EXCEED THE AMOUNT PAID BY CUSTOMER FOR THE SERVICES DURING THE TWELVE MONTHS PRIOR TO THE APPLICABLE CLAIM ARISING. IN NO EVENT WILL CSG OR ANY AUTHORIZED RESELLER OF THE SERVICES BE LIABLE, IN ANY WAY, FOR A SERVICE FAILURE, OR LACK OF SERVICE, IN ANY OF THE FOLLOWING SITUATIONS: (A) POWER FAILURE, (B) SUSPENDED OR TERMINATED BROADBAND SERVICE, (C) SUSPENSION OF SERVICES DUE TO BILLING ISSUES, (D) USE OF CERTAIN FEATURES WHICH ARE NOT COMPATIBLE WITH 911 SERVICES, AND/OR (E) ANY OTHER SERVICE OUTAGES NOT DESCRIBED HEREIN. EACH AND EVERY PROVISION OF THESE TERMS WHICH PROVIDES FOR A LIMITATION OF LIABILITY, DISCLAIMER, OR EXCLUSION OF DAMAGES, IS EXPRESSLY INTENDED TO BE SEVERABLE AND INDEPENDENT FROM ANY OTHER PROVISION.

8. 911 Terms and Conditions. The Services are provided subject to the terms and conditions set forth in the Appendix to these Terms.

9. General Provisions.

9.1. Severability. Each provision of these Terms will be valid and enforceable to the fullest extent permitted by law. If any provision of these Terms is found, to any extent, to be invalid or unenforceable, the remainder of this Agreement will not be affected by such invalidity or unenforceability.

9.2. Survival. Any section of these Terms that may last after termination of these Services shall survive the termination of these Services.

APPENDIX

911 Terms and Conditions

1. 911 Terms and Conditions. CSG provides its 911 Services (defined below) subject to the terms and conditions set forth below (the "911 Terms").

1.1. Definitions. For the purposes of these 911 Terms, the following terms will have the following meanings:

1.1.1. "911 Call(s)" means any call made dialing the digits 9-1-1, regardless of whether such call is made using Basic 911, Enhanced 911, or a PSAP.

1.1.2. "911 Services" means functionality that allows end users to contact emergency services by dialing the digits 9-1-1.

1.1.3. "Approved Uses" means the provision of Enhanced 911 and/or Basic 911 to (a) 911 Users who principally utilize such services at such 911 User's residence and occasionally at other locations; (b) 911 Users that are enterprises that use either an on-site or PBX during customary business hours and should reasonably be expected to have reasonably customary 911 usage patterns due to the nature of such enterprise's business or operations; for clarity, the provision of Enhanced 911 service and/or Basic 911 service to enterprises that use either an on-site or hosted PBX but operate outside customary business hours, including, without limitation, assisted living facilities, nursing homes and other similar facilities, and to which (c) and/or (d), below, do not apply; or should not reasonably be expected to have reasonably customary 911 usage patterns due to the nature of such enterprise's business or operations, do not constitute "Approved Uses"; (c) 911 Users that operate non-emergency call center(s) that should reasonably be expected to have only occasional use of 911 due to the nature of such call center's business or operations; for clarity, central station alarm and other similar call centers that direct calls to emergency services do not constitute "Approved Uses"; and (d) 911 Users that operate call center(s) that support the deaf and/or hard of hearing community, which are more commonly known as "relay services."

1.1.4. "Basic 911" means the ability to route an emergency call to the designated entity authorized to receive such calls serving the Customer's Registered Emergency Address. With Basic 911, the 911 professional answering the phone will not have access to the 911 User's telephone number or emergency address information unless the 911 User provides such information verbally during the emergency call.

1.1.5. "E911 Authority" means a municipality or other state or local government unit, or an authorized agent of one or more municipalities or other state or local government units to whom authority has been lawfully delegated to respond to public emergency telephone calls, at a minimum, for emergency police and fire services through the use of one TTN. For clarity, an E911 Authority may be an individual PSAP, or an entity responsible for the management and operation of multiple PSAPs within a given geographic area.

1.1.6. "911 User" means the individual placing a 911 Call from a 911 User's TTN (defined below).

1.1.7. "Enhanced 911" or "E911" means the ability to route an emergency call to the designated entity authorized to receive such calls serving the Customer's provided address and to deliver the Subscriber's telephone number and corresponding Registered Emergency Address or REA information automatically to the 911 professional answering the call.

1.1.8. "P-Asserted-Identity" means a header field used among trusted SIP entities (typically intermediaries) to carry the identity of the user sending a SIP message as it was verified by authentication.

1.1.9. "Private Branch Exchange" or "PBX" means a telephone system within an enterprise that switches calls between enterprise users on local lines while allowing all users to share a certain number of external phone lines.

1.1.10. "Public-Service Access Point" or "PSAP" means an answering location for 911 Calls originating in a given area. The E911 Authority may designate a PSAP as primary or secondary, which refers to the order in which calls are directed for answering. Primary PSAPs answer calls; secondary PSAPs receive

calls on a transfer basis. PSAPs are public safety agencies such as police, fire, emergency, medical, etc., or a common bureau serving a group of such entities.

1.1.11. "Registered Emergency Address" or "REA" means the physical address provided by the Customer to be used for E911 and Basic 911, which may be used to dispatch police, fire, emergency medical and other emergency response resources.

1.1.12. "SIP" means Session Initiation Protocol, which is the signaling protocol used between VoIP networks to establish, control and terminate voice calls.

1.1.13. "Subscriber" means an end user or telephone device assigned a DID.

1.1.14. "Trunk Number" or "TTN" means a United States or Canada telephone number bought by the Customer and assigned to a trunk for use with CSG's elastic SIP trunking service.

1.1.15. "VoIP" means Voice over Internet Protocol.

1.2. Service Description and Use of Service.

1.2.1. E911 Services. With E911, when a Customer places a 911 Call, such call will typically be routed to the local PSAP that covers Customer's REA. In limited circumstances, as further described below, the 911 Call may be routed to a PSAP. Regardless of which PSAP the 911 Call is routed to, if and only if the associate trunk is properly provisioned, the 911 professional will receive the (1) TTN associated with the 911 Call and (2) Customer's REA. Customer understands that Customer, and not CSG, must properly provision elastic SIP trunking origination services for each trunk associated with each of their TTNs in order for an emergency operator to receive the associated TTN and Customer's REA.

1.2.2. Basic 911. With Basic 911, when a Customer places a 911 Call, this call is always sent to the local PSAP serving the Customer's physical location. 911 professionals answering 911 Calls from Customer will not automatically receive the associated TTN or REA because the PSAP to which the 911 Call was routed will not be equipped to receive, capture, or retain Customer's assigned TTN or REA. Accordingly, Customer must provide both call-back and emergency address information to the 911 professionals. If the 911 Call is dropped or disconnected, or if the Customer is unable to speak, then the 911 professional will not be able to call the Customer back or dispatch emergency assistance to the Customer's physical location. As additional local PSAPs are able to answer E911 calls, CSG may upgrade Customer from Basic 911 to E911 service. CSG is not obligated, however, to notify Customer of the upgrade. In limited circumstances, Customers equipped with Basic 911 may have their calls routed to a PSAP, as further described below.

1.2.3. PSAP Service. Certain TTNs will not have access to either Basic 911 or E911 services. If Customer has TTNs that do not have access to either E911 or Basic 911, 911 Calls will be routed to a PSAP. A 911 professional at the PSAP will ask for the 911 User's name, telephone number, and location, and then transfer the 911 User to the appropriate local PSAP or otherwise determine the best way to provide emergency services to the 911 User. As with Basic 911, 911 professionals answering calls in a PSAP will not receive the 911 User's TTN or REA because PSAPs are not equipped to receive, capture or retain this information. Accordingly, the 911 User must provide this information to the 911 professional. Other reasons that a 911 User's 911 Calls may be sent to a PSAP is if (a) there is a problem validating the REA provided by Customer during provisioning, (b) Customer is located in an area that is not covered by the

landline 911 network, or (c) Customer has Basic 911 or E911 service but these calls fail to complete and are routed to a PSAP for failover purposes.

1.3. Notwithstanding any term or condition of these 911 Terms to the contrary, Customer will only utilize CSG's E911 and/or Basic 911 services pursuant to these 911 Terms for Approved Uses.

1.4. Customer will not block their TTN on a device they are using when placing a 911 Call and the TTN shall be made available in the From/P-Asserted-Identity SIP headers of the incoming SIP request.

1.5. Customer acknowledges and agrees that CSG can only provide E911 call routing in territories where the PSAP or E911 Authority offers E911. All other 911 calls made by 911 Users successfully registered in CSG's database will be routed using the ten-digit outbound trunks or a 911 professional.

1.6. Customer will provide CSG with and keep current the correct and valid REA for each TTN for which the Customer desires 911 Services. The REA provided must include sufficient information to enable emergency responders to locate the 911 User and must comply with all Multi-line Telephone System ("MLTS") requirements applicable to Customer. For example, one MLTS requirement may be that for Customer located in a multi-floor building, Customer must include a floor or suite number as part of the REA. CSG AND ITS AUTHORIZED RESELLERS WILL NOT HAVE ANY LIABILITY WHATSOEVER FOR ANY DAMAGE, LIABILITIES, LOSSES, OR ANY OTHER CONSEQUENCES CAUSED BY CUSTOMER'S FAILURE TO KEEP ITS INFORMATION UPDATED. Customer will provide a TTN with Customer call presented to CSG for processing. CSG will have no obligation to provide 911 Services with respect to any Customer call that does not include a TTN and will not be liable for any claims arising from any efforts undertaken by CSG to provide 911 Services under such circumstances.

1.7. Customer Obligations. (i) Customer will be solely responsible for compliance with all applicable laws and/or other governmental requirements imposed or required by any state or other applicable governmental authority; and (ii) Customer will inform any party using (or any party that might use) the 911 Services of the difference between traditional 911 and VoIP 911 service in compliance with all applicable laws and/or other governmental requirements imposed or required by any governmental authority, including, without limitation, the Federal Communications Commission ("FCC"). For clarity, CSG will not be responsible if 911 Service is unavailable due to loss of power; certain features may not be compatible with 911 service; and CSG reserves the right to refuse provisioning or modification of features or service if such provisioning or modification adversely affects 911 service. Customer agrees not to move any equipment associated with the 911 Services and acknowledges that any such movement could impact 911 Services functionality and/or the ability to determine the location of the equipment. CSG and its authorized resellers disclaim all liability arising out of any movement of the equipment by Customer.

1.8. Customer Testing. Customer will be solely responsible to test the 911 Services after installation and periodically throughout the 911 Term (as defined in below) and will notify CSG if Customer notes any issues at any time with the Service. Customer agrees to test 911 Services and share the results of such testing at the request of CSG.

1.9. Equipment; Connection; Customer's Responsibilities. CSG will not provide any equipment or any electronic tools, except as may be expressly agreed to and set forth in writing. Customer must connect to CSG's network in a manner and at locations determined by CSG. If Customer elects to self-install, Customer will, at Customer's sole cost and liability as between Customer and CSG, be solely

responsible for installing any and all equipment, software and the like necessary for Customer to use the 911 Services.

1.10. Charges and Rates. If applicable, Customer shall pay an additional fee per TTN enabled to use the 911 Services ("911 Fee").

1.11. Term. The term of these 911 Terms shall be the same as the period during which the CSG is providing the Services (the "911 Term").

1.12. DISCLAIMER. CUSTOMER ACKNOWLEDGES AND AGREES THAT CSG'S EMERGENCY SERVICE IS INTERNET-BASED AND THAT INTERNET 911 SERVICES ARE DIFFERENT THAN THAT OF A TRADITIONAL WIRELINE SERVICE. CUSTOMER FURTHER ACKNOWLEDGES THAT THE CSG EMERGENCY SERVICE MAY NOT SUPPORT BASIC 911 OR E911 DIALING IN THE SAME MANNER AS A TRADITIONAL WIRELINE PHONE SERVICE. FOR BASIC 911 OR E911 TO BE ACCURATELY ROUTED TO THE APPROPRIATE EMERGENCY RESPONDER, THE CUSTOMER MUST PROVIDE THE REA FOR THE ASSOCIATED TTN IN ACCORDANCE WITH THE CUSTOMER DOCUMENTATION

1.13. CUSTOMER ACKNOWLEDGES THAT THERE ARE POTENTIAL COMPLICATIONS ARISING FROM BASIC 911 OR E911 DIALING. SPECIFICALLY, CUSTOMER ACKNOWLEDGES AND AGREES TO INFORM ALL EMPLOYEES, GUESTS, AND OTHER THIRD PERSONS WHO MAY ALSO BE 911 USERS THAT BASIC 911 AND E911 SERVICES WILL NOT FUNCTION IF THERE IS A SERVICE FAILURE DUE TO ANY OF THE FOLLOWING CIRCUMSTANCES: (A) POWER FAILURE, (B) SUSPENDED OR TERMINATED BROADBAND SERVICE, (C) SUSPENSION OF SERVICES DUE TO BILLING ISSUES, (D) USE OF CERTAIN FEATURES WHICH ARE NOT COMPATIBLE WITH 911 SERVICES, AND/OR (E) ANY OTHER SERVICE OUTAGES NOT DESCRIBED HEREIN. CSG RESERVES THE RIGHT TO REFUSE PROVISIONING OR MODIFICATION OF FEATURES OR SERVICE IF SUCH PROVISIONING OR MODIFICATION ADVERSELY AFFECTS THE 911 SERVICES.

1.14. CUSTOMER FURTHER ACKNOWLEDGES THAT FAILURE TO PROVIDE A CORRECT PHYSICAL ADDRESS IN THE REQUISITE FORMAT MAY CAUSE ALL BASIC 911 OR E911 CALLS TO BE ROUTED TO AN EMERGENCY SERVICE PROVIDER NOT LOCATED NEAR THE CUSTOMER. FURTHERMORE, CUSTOMER RECOGNIZES THAT USE OF THE 911 SERVICES FROM A LOCATION OTHER THAN THE LOCATION INDICATED IN THE REA MAY RESULT IN BASIC 911 OR E911 CALLS BEING ROUTED TO AN EMERGENCY SERVICE PROVIDER NOT LOCATED NEAR THE CUSTOMER.

1.15. CUSTOMER ACKNOWLEDGES AND AGREES THAT NEITHER CSG, ITS UNDERLYING CARRIER, AND ANY OTHER THIRD PARTIES INVOLVED IN THE ROUTING, HANDLING, DELIVERY OR ANSWERING OF 911 SERVICES OR IN RESPONDING TO 911 CALLS, NOR THEIR DIRECTORS, MEMBERS, OFFICERS, SHAREHOLDERS, EMPLOYEES, OR AGENTS MAY BE HELD LIABLE FOR ANY CLAIM, DAMAGE, LOSS, FINE, PENALTY, OR COST (INCLUDING, WITHOUT LIMITATION, ATTORNEYS' FEES AND COSTS) AND CUSTOMER HEREBY WAIVES ANY AND ALL SUCH CLAIMS OR CAUSES OF ACTION, ARISING FROM OR RELATING TO THE PROVISION OF ALL TYPES OF EMERGENCY SERVICES TO CUSTOMER.

1.16. Limitation of Liability.

1.16.1. Customer agrees that CSG and its authorized resellers, and their respective directors, officers, members, shareholders, employees, and agents will not be liable for any loss or damage sustained by Customer or 911 Users due to any failure in or breakdown of the communication facilities associated with providing the 911 Services, or for any delay, interruption, or degradation of the Services whatsoever; provided, however, that CSG remains liable for any gross negligence or willful misconduct by CSG, its directors, members, officers, shareholders, employees, and agents.

1.16.2. In no event will the liability of CSG and its authorized resellers, to Customer for any loss arising out of the 911 Services provided pursuant to these 911 Terms or any errors, interruptions, defects, failures or malfunctions of the 911 Services provided pursuant to these 911 Terms, including, without limitation, any and all equipment and data processing systems associated therewith, exceed an amount equal to the total amount paid by Customer during the twelve (12) month period preceding the first incident out of which the liability arose. Customer waives any claim that these exclusions or limitations deprive it of an adequate remedy or cause these 911 Terms to fail of their essential purpose. Customer further acknowledges, understands and agrees that CSG has no control over how a foreign administration or third party carrier establishes its rules and conditions pertaining to international telecommunications service.

Enterprise Messaging Terms of Service (Public Safety)

Verizon Wireless's Enterprise Messaging Access Gateway platform and portal ("**EMAG**") allows public safety customers ("**Customer**") to send high volumes of text messages. This agreement is between Customer as our subscriber and Verizon Wireless ("**VZW**") and it sets forth the terms and conditions under which Customer agrees to use and VZW agrees to provide access to EMAG. By using EMAG, Customer accepts these Terms of Service ("**TOS**"), which may be modified by VZW from time to time.

1. Enterprise Messaging. VZW provides the EMAG Service through two different EMAG plans. The Enterprise Gateway features allows a Customer to send bulk short message service ("SMS") messages and/or bulk multimedia messaging service ("MMS") messages, as applicable, to VZW subscribers, and send individual-to-individual messages to subscribers of most domestic wireless carriers. The Enhanced Messaging Features allow Customer to send bulk SMS messages to VZW subscribers and subscribers of eligible North American Numbering Plan ("NAMP") eligible carriers using VZW provided toll-free numbers. The Enhanced Messaging Features supports the sending and receiving of SMS messages only and not all carriers are supported. Contact your VZW Sales Representative for a complete list of supported destination countries and carriers. Availability, quality of coverage and service is not guaranteed, and supported destination countries may change without notice. Customer acknowledges that intercarrier messaging may be subject to message size, throughput requirements, blocking, throttling and filtering. Delivery of traffic may be affected by another carrier's policies and messaging terms. Customers must have a valid Blanket Purchase Agreement with at least five (5) active Government lines ("**MDNs**") and a physical address within VZW's licensed service area. Customer is solely responsible for monitoring its messaging operations. Customers using the EMAG Portal must provide a user ID and password and must safeguard the Portal credentials and prevent unauthorized use. VZW has the right to alter or not offer the EMAG service in part or at all. For the term of the TOS, Customer will receive for use the following depending on plan/features type: For the Enterprise On-Net Plan – Five (5) private On Network Messaging sending numbers for use on the VZW network only. For the Enhanced Messaging Features – One (1) Toll Free Enhanced Messaging sending number to use with the Enhanced Plan. VZW reserves the right upon prior notice to reclaim any phone number used for

EMAG if Customer does not send sufficient traffic over it and the number may be re-assigned to another customer.

2. **Term and TOS Termination.** The term of this TOS shall be one year from the date the Customer signs the TOS ("**Effective Date**"). The TOS shall automatically renew for additional terms of one (1) year each, unless either Party shall give notice of cancellation at least thirty (30) days prior to the expiration of the original term or any renewal term or the TOS or service is otherwise terminated as per the terms of this TOS. Either party may terminate this TOS upon thirty (30) day's written notice to the other party for any reason. Fees are payable on a monthly basis and subject to increase upon thirty (30) days' notice to the Customer. Upon termination by the Customer, fees are due and payable up to the end of the month of termination.
3. **Intellectual Property.** VZW owns all rights, including intellectual property rights, in EMAG and its components, software, tools, portal, documentation, and other materials relating thereto, including modifications, updates, revisions or enhancements. All rights not explicitly given are reserved by VZW.
4. **License Rights and Restrictions.** Subject to the TOS and all documentation provided by VZW, VZW grants to Customer a personal, revocable, limited, nonexclusive, non-transferable, non-sublicensable license during the Term to access and use EMAG solely to send text and picture messages for internal business use. Customer will not, and will not allow any Third Party to, (a) modify, copy, or otherwise reproduce EMAG in whole or in part; (b) reverse engineer, decompile, disassemble, or otherwise attempt to derive the source code form or structure of any of the elements used in EMAG; (c) provide, lease or lend EMAG in whole or in part to any Third Party; (d) remove any proprietary notices or labels displayed on EMAG; (e) modify or create a derivative work of any part of EMAG; (f) use EMAG for any unlawful purpose; (g) use EMAG for any high risk or illegal activity; (h) use EMAG in contravention of any of VZW's policies, procedures, rules or guidelines provided or made available by VZW or use EMAG in such a way that it interferes with, disrupts, damages, or accesses in an unauthorized manner the servers, networks, or other properties or services of VZW; (i) export or re-export EMAG without the appropriate U.S. or foreign government licenses; (j) incorporate or combine EMAG in whole or in part with any open source software in such a way that would cause EMAG, or any portion thereof, to be subject to all or part of the license terms of such open source software; or (k) provide access to or use of EMAG to any Third Party or sublicense any rights in EMAG to any Third Party. Customer is not entitled to resell the EMAG services without the express written approval of VZW.
5. **Content.** Customer is solely responsible for its content it transmits through EMAG (or use by any person or entity Customer permits to access EMAG). Provision of intercarrier messaging is provided through a third-party vendor. Customer agrees that its messaging will comply with applicable industry guidelines (e.g. Mobile Marketing Association's best practices for messaging, and CTIA's Messaging Principles and Best Practices), third-party vendor guidelines and content standards, and VZW content standards (attached hereto as Exhibit "A"), which may be updated from time to time ("Messaging Guidelines"). Customer will not send any unsolicited bulk commercial messages (i.e., spam), "phishing" messages intended to access private or confidential information through deception, other forms of abusive, harmful, or malicious, unlawful, or otherwise inappropriate messages, messages which required an opt-in that was not obtained, messages containing executable files or links to other content or premium or similar messages that require a subscription or surcharge, and as otherwise set forth in the Messaging Guidelines or as determined by VZW, in its sole discretion. Customer will not transmit any messages that would violate any

federal, state or local law, court order, regulation or the Messaging Guidelines. Customer will cooperate with VZW and/or any governmental authority in investigating any violation or prohibited use of EMAG.

6. **Consent Requirements.** Customer agrees that it will send messages only to subscribers that have opted in to receive its messages by: a) establishing an opt-in process that effectively captures each subscriber's consent to receive Customer's messages, informs subscribers of the nature and scope of Customer's messaging campaigns and any financial obligations associated with the messaging; b) maintaining opt-in records for a minimum of 6 months from the date of a recipient's opt-in consent; and c) immediately complying with subscriber opt-out requests such as STOP, END, CANCEL, UNSUBSCRIBE or QUIT in compliance with the Messaging Guidelines. Customer will send messages that require opt-in consent only to those recipients that have affirmatively opted in to receive such messages. Although VZW may provide in the Portal a way to manage lists of opt-out records, it is up to the Customer to obtain the consents and maintain proper records and VZW accepts no responsibility for consents and retention of such records.
7. **HIPAA.** EMAG is not designed for secure transmission or storage of personal healthcare information. Customer will not use EMAG to store or transmit Protected Health Information ("PHI") as defined in the Health Insurance Portability & Accountability Act of 1996 and the Health Information Technology for Economic and Clinical Health Act of 2009 and accompanying regulations (collectively, "HIPAA"). If Customer is a Covered Entity or a Business Associate as defined by HIPAA, Customer will not use EMAG to store or transmit PHI. To learn more about HIPAA, go to:
<http://www.hhs.gov/ocr/privacy/hipaa/understanding/index.html>.
8. **Fees.** Customer will pay monthly to VZW the amount in the below chart for each SMS and/or MMS sent through EMAG. The billing and payment terms set forth in Customer's Government agreement with VZW will apply to the EMAG charges set forth on your VZW bill. Additional charges may apply for inter-carrier messaging Application to Person ("A2P") traffic. VZW reserves the right to increase pricing upon thirty (30) days' notice.
9. **Pilot Mobile Phone.** VZW shall provide Customer with one pilot mobile phone at no charge to manage password setup and resets. Customer should safeguard the pilot mobile phone in case password resets are needed as VZW must rely on regular mail delivery of password resets if the phone is not available (password resets cannot be given over the phone or sent via email). This pilot mobile phone will not be capable of making any voice calls. Customer shall promptly notify VZW if the phone is lost, damaged or stolen and VZW reserves the right to charge Customer for replacement phones.
10. **Security and Unauthorized Code.** Customer will comply with VZW's information security requirements available at <http://www.verizon.com/suppliers> (or successor website) as updated from time to time. Customer will implement and maintain effective administrative, physical and technical security controls to protect VZW's assets, network and other facilities, information and EMAG that Customer accesses or uses. Customer will design, develop, build, operate and maintain your access to EMAG to sufficiently prevent the transmission of Unauthorized Code and mitigate security threats, including, but not limited to, unauthorized access, use or fraud. Customer will not send or introduce any Unauthorized Code to EMAG, VZW's network or any other VZW system or facility. Customer will not use EMAG, or permit any Third Party to use EMAG, to engage in any fraudulent, illegal, or unauthorized use. Customer will continually monitor for the presence of any Unauthorized Code. In the event you detect the presence of any Unauthorized Code, Customer

will: (a) notify VZW in writing the same day the Unauthorized Code is detected; (b) promptly remove the Unauthorized Code; and (c) promptly remedy any condition caused by the Unauthorized Code. VZW may audit your use of EMAG. Should such audit request be denied, or should the audit reveal a violation of applicable laws, regulations, policies or procedures, or this TOS, VZW may immediately terminate this TOS and your use of EMAG. **"Unauthorized Code"** means any virus, Trojan horse, worm, rootkit, back door, trap door, time bomb, drop-dead device, timer, clock, counter or other limiting routine, as well as any other instructions, designs, software routines, or hardware components designed to: (a) disable, erase, or otherwise harm software, hardware, data, text or any other information stored in electronic form; (b) cause any of the foregoing with the passage of time; or (c) place a program or hardware under the positive control of a Third Party other than an owner or licensee of the program or hardware.

- 11. Certification Tests.** VZW may conduct certification tests in its sole discretion. Customer will pass such certification tests furnished by VZW prior to using EMAG. If Customer fails any such certification tests, then VZW may, in its sole discretion, refrain from providing Customer with access to EMAG.
- 12. Data Retention and Access.** VZW provides access to the metadata relating to the messages (time/date/sent/received) for up to one year. For messages sent or received over the EMAG APIs, VZW provides Customer access to messaging content for up to fourteen (14) days, after which time it is deleted. For messages sent or received over the Portal, VZW retains Customer message content for sixty (60) days, after which time it is deleted.
- 13. Customer Contact.** Customer will provide to VZW contact information including a phone number and email address of an EMAG contact(s), who shall be available during business hours and during such time as Customer utilizes EMAG to assist with the resolving of service matters and trouble shooting. Customer must provide written notice of changes to contact information fourteen (14) days prior.
- 14. Termination of Service.** VZW CAN, WITHOUT NOTICE, LIMIT, SUSPEND, OR CANCEL CUSTOMER'S ACCESS TO OR USE OF EMAG IF CUSTOMER VIOLATES THE RESTRICTIONS OF THIS TOS OR FOR GOOD CAUSE, which shall include, but is not limited to: (a) breaching this TOS or Customer's Government agreement with VZW; (b) spamming or other abusive messaging; (c) using EMAG in a way that adversely affects our network, our customers, or other customers; (d) allowing anyone to tamper with messaging applications in a manner contrary to this TOS; (e) any governmental body of competent jurisdiction suspends or terminates Customer's service or institutes a requirement, ruling or regulation that conflicts with this TOS; or (f) operational or other governmental reasons.
- 15. Service Limitations.** VZW may establish limits on the use of EMAG, including, but not limited to, the number of messages sent over a limited time period (i.e., per minute, hourly and daily), the number of active connections, and recommended connections per group, as set out in our User's Guide (available on the EMAG Portal) which may be updated from time to time. VZW provides no service level commitments or quality of service standards for EMAG. VZW will provide to Customer maintenance, technical and support services for EMAG, as determined by VZW in its sole discretion. VZW may extend, enhance, or otherwise modify EMAG at any time and for any reason without notice. There are limitations to wireless messaging which by their nature do not permit or may delay the delivery of text messages. These limitations include, but are not limited to, network limitations, when a wireless phone is not in range of one of our transmission sites or those of

another company that carries our customer calls, insufficient network capacity, interference due to subscriber's equipment, terrain, proximity to buildings, foliage, and weather. Further, VZW does not own or control all of the various facilities and communications lines between a Customer's site and VZW's EMAG access point. Experience by carrier and region may cause the experience to vary. Due to these limitations and the limitation in the number of messages that can be sent, EMAG SHOULD NOT BE USED AS THE SOLE MEANS TO SEND MESSAGES THAT CONTAIN INFORMATION THAT IS ESSENTIAL TO THE PROTECTION OF LIFE OR PROPERTY, OR IS MISSION ESSENTIAL OR CRITICAL IN OTHER WAYS. VZW reserves the right to block any messaging traffic that violates this TOS or harms or may harm VZW, EMAG or our assets, network or facilities.

- 16. Disclaimer and Limitation of Liability.** EMAG IS PROVIDED ON AN "AS IS" BASIS AND CUSTOMER'S USE OF EMAG IS ITS SOLE RESPONSIBILITY. VZW (AND ITS OFFICERS, EMPLOYEES, PARENTS, SUBSIDIARIES AND AFFILIATES), ITS THIRD PARTY LICENSORS, PROVIDERS VENDORS AND SUPPLIERS, DISCLAIM ANY AND ALL WARRANTIES FOR EMAG OR TEXT MESSAGE DELIVERY, WHETHER EXPRESS OR IMPLIED, INCLUDING BUT NOT LIMITED TO THE IMPLIED WARRANTIES OF MERCHANTABILITY AND FITNESS FOR A PARTICULAR PURPOSE, NON-INFRINGEMENT, NONINTERFERENCE, AND THOSE ARISING FROM COURSE OF DEALING, COURSE OF TRADE, OR ARISING UNDER STATUTE. VZW DOES NOT WARRANT THAT EMAG WILL BE WITHOUT FAILURE, DELAY, INTERRUPTION, ERROR, OR LOSS OF CONTENT, DATA, OR INFORMATION. VZW SHALL NOT BE LIABLE FOR ANY FAILURE TO PROVIDE EMAG, FOR ANY CONTENT, AND MAKES NO GUARANTEES THAT ANY TEXT MESSAGE WILL BE DELIVERED. NEITHER PARTY, NOR ITS AGENTS OR VENDORS, SHALL BE LIABLE TO THE OTHER PARTY, ITS EMPLOYEES, AGENTS OR ANY THIRD PARTY FOR ANY INDIRECT, SPECIAL, CONSEQUENTIAL, INCIDENTAL OR PUNITIVE DAMAGES. IN THE EVENT OF ANY BREACH BY VZW OF THIS TOS, VZW'S LIABILITY TO CUSTOMER SHALL NOT EXCEED THE AMOUNT PAID TO VZW BY CUSTOMER UNDER THIS TOS DURING THE PREVIOUS THREE MONTHS.
- 17. Indemnification.** Customer shall defend, indemnify, and save harmless VZW and its successors, assigns, employees, and agents, and their heirs, legal representatives and assigns from any and all claims or demands, including claims for bodily injury or death, or damage to property, arising from Customer's use of EMAG, including reasonable counsel fees and costs.
- 18. Miscellaneous.** Customer will not resell or aggregate EMAG or allow Third Parties to use or access EMAG without prior written permission from VZW. This TOS supplements Customer's Government agreement with VZW as it relates to EMAG. If there are any inconsistencies between this TOS and Customer's Government agreement with VZW, then this TOS shall control with respect to EMAG. Customer agrees that its use of EMAG will comply with any applicable local, state, national and international laws and regulations. This TOS may not be assigned in whole or in part by the Customer without prior written consent of VZW. Any failure of VZW to perform hereunder shall be excused if caused by failure of a third party wireless or telecommunications provider serving a particular area, power failure, national emergency, interference by any governmental agency, acts of God, strikes, other labor disturbance, severe weather conditions, fire, terrorism, riots, war, earthquakes, or any other causes beyond VZW's reasonable control.

Customer shall ensure and be responsible for all of its Users’ compliance with the terms of this Agreement; or (d) store or transmit any Content (as defined herein) that could give rise to civil or criminal liability.

3.2 To the extent that access to any software or other intellectual property is provided to Customer by Intrepid, Customer agrees that it will use such software and intellectual property solely for Customer’s own internal processing operations under this Agreement, and that Customer will not directly or indirectly disassemble, reverse engineer, or decompile, modify, create derivative works based on, or translate the Services, or any software or intellectual property included therein, or transfer or otherwise grant any rights in or access to such software or intellectual property in any form to any other party. Customer shall promptly report to Intrepid any actual or suspected violation of this Section

Company acknowledges that it is necessary for Intrepid to send certain electronic communications to Users in order to deliver the Service and consents to such communications.

3.4 Customer is solely responsible for the pictures, audio, video, graphics, text, or other content (“Content”) sent, displayed, or uploaded by Customer or its Users with or to the Service, either directly or through another application. Except for material that Intrepid licenses to Customer and as otherwise noted in this Agreement, Intrepid claims no ownership of any Content that is transmitted, stored, or processed in Customer’s account(s). Intrepid also does not control, verify, or endorse the Content that Customer or its Users make available in the Service.

3.5 The Service provides functions that allow Customer and Users to control who may access Content. If Users enable the features that allow sharing Content with others, anyone with whom Content is shared (including the general public, in certain circumstances) may have access to Content. Customer hereby grants Intrepid and its agents the right to reproduce, distribute, display, and disclose Content with others authorized by Customer or its Users to view such Content as part of Intrepid’s provision of the Service to such authorized users.

other notices; and (iv) maintain appropriate security, protection, and backup copies of the Content, which may include, Customer's use of additional encryption technology to protect the Content from unauthorized access. Although Intrepid is not responsible for any Content in violation of this provision, Intrepid may delete any Content in violation of any provision in this Agreement of which it becomes aware, at any time without notice. Customer must immediately notify Intrepid in writing of any unauthorized use of (a) any Content (b) any User account, or (c) the Service that comes to Customer's attention. In the event of any such unauthorized use by any third party that obtained access through Customer or its Users, Customer will take all steps necessary to terminate such unauthorized use.

Customer will provide Intrepid with such cooperation and assistance related to any such unauthorized use as Intrepid may reasonably request.

3.7 If Customer becomes aware of any violation of this Agreement in connection with use of the Service by any User or person, Customer must notify Intrepid immediately. Intrepid may investigate any complaints and violations that come to its attention and may take any action that it believes is appropriate, including, but not limited to issuing warnings, removing Content, or terminating accounts and/or User profiles. Because situations and interpretations vary, Intrepid also reserves the right not to take any action. Under no circumstances will Intrepid be liable in any way for any data or other Content viewed while using the Service, including, but not limited to, any errors or omissions in any such data or Content, or any loss or damage of any kind incurred as a result of the use of, access to, or denial of access to any data or content.

4. **PROPERTY RIGHTS**

Customer shall remain the sole and exclusive owner of Unique Customer Data. Unique Customer Data may be monitored or evaluated in an emergency situation or with permission or at the request of Customer or its Users for purposes such as assisting in customer operations, performing customer-specific analysis, or improving Intrepid's products. Customer explicitly grants Intrepid the right to monitor network traffic that includes Unique Customer Data for the purpose of optimizing the Service's performance. Intrepid is and shall remain the sole and exclusive owner of the Service and all documentation or other property provided by Intrepid during the Term of this Agreement, including any intellectual property developed, originated, or prepared on behalf of or in conjunction with Customer. This Agreement does not grant to Customer any shared development rights. Customer shall not reproduce in whole or in part (except as permitted under this Agreement), modify, merge, or incorporate any form or portion of the Service with other program material, create derivative work from the Service, reverse engineer, de-compile, or disassemble all or any portion of the Service, and/or disclose, sell, sublicense, or otherwise transfer or make available all or any portion of the Service to any third party without the prior written consent of Intrepid.

5. **WARRANTIES, REMEDIES, LIMITATIONS OF LIABILITY, AND INDEMNIFICATIONS**

5.1 Intrepid warrants to Customer that the Service will be provided in a professional and workmanlike manner. As Customer's exclusive remedy for breach of the foregoing warranty, Intrepid shall, at its option, repair or replace the nonconforming elements of the Service. Intrepid shall have no obligation hereunder if software or other intellectual property used in the Service, or hardware utilizing the Service, is modified, altered, merged or subjected to misuse, neglect, accident or improper use by Customer or any third party. If at any time Customer becomes unsatisfied with the Service, Customer's sole remedy is to cease using the Service.

EXCEPT AS EXPRESSLY PROVIDED HEREIN, THE SERVICE IS PROVIDED "AS IS" AND INTREPID, ITS SUPPLIERS AND VENDORS EXCLUDE ALL WARRANTIES OF ANY KIND, WHETHER

EXPRESS, IMPLIED, STATUTORY, OR OTHERWISE. INTREPID AND ITS SUPPLIERS AND VENDORS SPECIFICALLY DISCLAIM ALL EXPRESS OR IMPLIED WARRANTIES OF DESIGN, NON-INFRINGEMENT, MERCHANTABILITY, FITNESS FOR A PARTICULAR PURPOSE, THAT THE SERVICE OR DEVICES WILL MEET ALL OF CUSTOMER'S REQUIREMENTS, OR THAT THE SERVICE WILL BE UNINTERRUPTED, TIMELY, SECURE, VIRUS FREE, OR ERROR-FREE. NOR DOES INTREPID (OR ITS VENDORS OR SUPPLIERS) MAKE ANY WARRANTY AS TO THE RESULTS THAT MAY BE OBTAINED FROM THE USE OF THE SERVICE OR THAT ALL ERRORS IN THE SERVICE WILL BE CORRECTED.

5.2 INTREPID, ITS VENDORS AND SUPPLIERS ENTIRE LIABILITY FOR ANY CAUSE OF ACTION, WHETHER IN CONTRACT, WARRANTY, OR IN TORT (INCLUDING NEGLIGENCE) FOR ALL CLAIMS RELATING TO THIS AGREEMENT AND ITS PERFORMANCE, SHALL BE LIMITED IN THE AGGREGATE TO THE LESSER OF THE FEES PAID BY CUSTOMER TO INTREPID DURING THE TWELVE (12) MONTH PERIOD PRIOR TO THE CLAIM OR \$25,000.

5.3 IN NO EVENT SHALL ANY PARTY BE LIABLE FOR ANY LOST PROFITS, LOST REVENUE, INDIRECT, SPECIAL, CONSEQUENTIAL, OR INCIDENTAL DAMAGES EVEN IF SUCH PARTY HAS BEEN ADVISED OF, OR COULD HAVE REASONABLY FORESEEN, THE POSSIBILITY OF SUCH DAMAGES.

5.4 Customer acknowledges that the limitations of liability and disclaimers of warranty set forth in this Agreement are independent of any remedies hereunder and apply regardless of whether any remedy fails its essential purpose. Customer acknowledges that Intrepid has set the pricing for the Service and other fees and charges in reliance on the disclaimers of warranty and limitations and exclusions of liability set forth in this Agreement and that the same form an essential basis of the bargain between the parties.

5.5 Intrepid shall indemnify Customer from and against any third-party liabilities, losses, damages, claims, suits, and expenses, including reasonable legal expenses, of whatever kind and nature ("Losses"), imposed upon, incurred by or asserted against Customer relating to or arising out of any third-party claim brought against Customer alleging that the Service used as contemplated by this Agreement violates any proprietary rights of such third party. This Section 5.5 states Intrepid's entire obligations regarding infringement of a third party's intellectual property rights with respect to the use of the Service.

5.6 Customer shall indemnify Intrepid, its suppliers and vendors from and against any and all Losses imposed upon, incurred by, or asserted against Intrepid relating to or arising out of a claim alleging that Intrepid's authorized use of the Customer Data violates the proprietary rights of, or has caused harm to, any third party (including, without limitation, any User).

5.7 In addition to, and without limiting, any and all obligations of Customer set forth herein, Customer hereby assumes entire responsibility and liability for any and all damage or injury of any kind or nature to all persons, and to all property, real or personal, caused by, resulting from or associated with the use by Customer, or any of Customer's employees, representatives or agents (whether a User or not), of the Service and agrees to indemnify, defend, and hold harmless Intrepid, its suppliers and vendors from and against any and all Losses or injury to persons or to property caused directly or indirectly by Customer or any of Customer's employees, representatives or agents (whether a User or not), Customer's property or equipment, or any and all persons acting on Customer's behalf or under Customer's supervision or control, whether direct or indirect.

5.8 In consideration of the obligations of Intrepid hereunder, Customer acknowledges that the use of the Service by Customer is voluntary and may involve known and unknown risks that could result in physical injury (including death) and/or property damage. Customer, on behalf of itself and its employees, representatives and agents, (the "Customer Parties") hereby releases, remises, requites, satisfies and forever discharges Intrepid, its suppliers and vendors and their respective heirs, personal representatives, successors and assigns from any and all Losses whatsoever, in law, in equity or in arbitration that the Customer Parties have, had or may have (through all stages of settlement and litigation, including all appeals and all collection proceedings) arising out of or resulting from the Customer Parties' voluntary use of the Service.

5.9 The indemnity obligations set forth in this Section 5 are contingent upon (a) the indemnified party giving prompt written notice of any indemnified claim, (b) the indemnified party allowing the indemnifying party the sole control of the defense and related settlement negotiations for such claim; and (c) the indemnified party providing reasonable assistance and cooperating in the defense and settlement negotiations as requested by the indemnifying party and at the indemnifying party's expense.

6. **CONFIDENTIALITY AND DATA PROTECTION**

By virtue of this Agreement, each party may have access to the Confidential Information of the other party. The parties expressly acknowledge that the Customer Data shall be governed by Sections 2.7 and 4 and shall not constitute Confidential Information. Each party agrees to keep confidential all Confidential Information disclosed to it by the other party or a third party, and to protect the confidentiality thereof in the same manner as it protects the confidentiality of similar information and data of its own (at all times exercising at least a reasonable degree of care in the protection of such Confidential Information). This Section 7 shall not apply to anything that: (i) is or becomes (through no improper action or inaction by the receiving party) generally available to the public, or (ii) was in the recipient's possession or known by it, without restriction, prior to receipt from the disclosing party, or (iii) was rightfully disclosed to the receiving party by a third party, or (iv) is required to be disclosed by a subpoena, request for documents, or other validly issued judicial or administrative process, provided that the party so required to disclose it promptly notifies the other party of the receipt of process and permits the other party a reasonable opportunity to respond to such process; or (v) is necessary to be disclosed by a party in order to meet its obligations under this Agreement. If a party wishes to rely on one of these exclusions it shall give prompt written notice to the other party detailing the relevant information and the reason for disclosure.

7. **TERM AND TERMINATION**

7.1 This Agreement shall commence on the Effective Date and shall remain in effect through the Initial Term unless earlier terminated as set forth below.

Either party may terminate this Agreement upon notice to the other party if the other party materially breaches this Agreement and such breach is not remedied within 30 days of such notice, except for breaches relating to non-payment for which such cure period shall be 5 business days.

Either party may terminate this Agreement immediately upon notice if the other party becomes subject to any proceeding under any statute of any governing authority relating to insolvency or the rights of creditors that is not dismissed within 60 days, or the equivalent occurs in any jurisdiction.

Upon termination of this Agreement for any reason, all accrued rights to payment shall become due, all licenses shall immediately terminate, Customer shall immediately discontinue all use of the Service and

delete or remove any copies of the Service in its possession, and each party shall promptly return (or, if requested by the other party, destroy) all Confidential Information of the other party in its possession. Upon termination, Intrepid may immediately terminate Customer's access to the Service without notice and within 30 days thereafter delete Customer's Data and any related data.

7.2 Sections 1, 2.4, 2.5, 2.6, 3, 4, 5, 6, 7, 8, and 9 shall survive the termination or expiration of this Agreement in accordance with their terms.

8. **EXPORT**

If, at the time or times of Intrepid's performance hereunder, a validated export license or other export authorization is required for Intrepid or its agents to lawfully export the goods, source code, or technical data from the United States of America or such other country of origin, then the issuance of such license or authorization to Intrepid or its agents in accordance with the rules and regulations of the applicable country(ies) shall constitute a condition precedent to Intrepid's performance of its obligations hereunder. Customer agrees to comply with all applicable export laws and regulations of the United States of America or such other country of origin. Specifically, but without limitation, customer agrees that it will not resell or re-export Intrepid products, source code, or technical data in any form without obtaining appropriate export or re-export licenses from the respective governmental authority of the United States of America, other country of origin, or country of export or re-export.

Violation of this provision shall constitute cause for termination of this Agreement by Intrepid without liability to customer.

9. **MISCELLANEOUS**

9.1 Neither party shall be liable for any delay or failure in performing any of its obligations under this Agreement if such delay or failure is caused by circumstances outside the reasonable control of the party concerned. The Service may be subject to limitations, unavailability, delays, and other problems inherent in the use of the internet, mobile telephone networks and electronic communications. Intrepid is not responsible for any delays, delivery failures, or any loss or damage resulting from the same. Notwithstanding the foregoing, nothing herein shall relieve Customer of its obligations to pay monies due and owing to Intrepid hereunder.

9.2 Intrepid may reference Customer's status as a user of the Service on Intrepid's website, in marketing materials and in sale presentations.

9.3 The waiver by either party of any default or breach of this Agreement shall not constitute a waiver of any other or subsequent default or breach.

9.4 Customer may not assign or transfer any of its rights or obligations under this Agreement in whole or in part without Intrepid's prior written consent. Intrepid may freely assign, transfer, and sub-contract this Agreement and any or all of its obligations herein.

9.5 This Agreement shall not be amended or modified except in a writing executed by the duly authorized representatives of Intrepid and Customer.

9.6 If any provision of this Agreement is held to be invalid or unenforceable, the parties or any applicable tribunal shall substitute an enforceable provision that preserves the original intent and

economic positions of the parties and the remaining provisions of this Agreement will remain in full force and effect.

9.7 All notices that are required to be given under this Agreement shall be in writing and sent to the addresses of the parties set out on the Order Form or to such other address as a party may designate by notice to the other party and shall be effective (a) on the date of delivery if sent by recorded delivery; (b) on the business day following the date of transmission of a fax as evidenced by a successful transmission report; or (c) immediately if delivered personally to the relevant address.

9.8 This Agreement forms the entire understanding of the parties in respect of the matters dealt with in it and supersedes all previous agreements, understandings, proposals, and negotiations between them.

9.9 This Agreement shall be governed by the laws of the State of Florida, without regard to its conflicts of laws principles. Any suit, action, or proceeding with respect to this Agreement shall be brought in the courts of Orange County, Florida or in the U.S. District Court for the Middle District of Florida, and the parties hereby accept the exclusive jurisdiction of those courts for the purpose of any suit, action, or proceeding.

9.10 The parties acknowledge that they are familiar with transactions of this nature and agree that the fact one of the parties may have drafted or structured any provision of this Agreement shall not be considered in construing the particular provision either in favor of, or against, such party.

9.11 The parties hereto are independent contractors and this Agreement does not create a joint venture or partnership, and neither party has the authority to bind the other party to any third party.

9.12 This Agreement may be executed in any number of counterparts, each of which, when taken together, shall be an original.

the Customer with prior notice if a change to the Services results in a material change in functionality, and if the material changes adversely affects Customer, Customer will have the option to cancel any Order without further obligation within 30 days of the material changes, and Lookout will refund Customer a pro-rata portion of all prepaid fees associated with the discontinued Services for which no comparable replacement was provided. If Customer is entitled to a refund under this Agreement, and the Services were purchased by Customer through an authorized Lookout partner ("Reseller"), then unless it is otherwise specified, Lookout will refund any applicable fees to the Reseller and the Reseller will be solely responsible for refunding the appropriate amounts to Customer. Customer agrees, however, that its Order is not contingent on the delivery of any future functionality or features, or dependent on any oral or written public comments made by Lookout regarding future functionality or features.

4. Customer's Obligations.

a. **Compliance.** Customer is solely responsible for End Users' compliance with this License Agreement. Customer acknowledges and agrees that prior to an End User using the Services, each End User will accept, or Customer will accept on behalf of the End User (and make Lookout a third-party beneficiary thereof) the terms and conditions herein, and this License Agreement will govern the End Users' use of the Services. Customer acknowledges that a violation of this License Agreement by an End User can result in the termination of Services and/or Customer's Enterprise Account.

b. **Obligations Concerning End Users.** Customer represents and warrants that it has the necessary rights and will obtain any consents required from each End User (i) to allow the Customer and its Administrators to engage in the activities described in this Agreement or available through the Services (including adding the End User to the Enterprise Account) and (ii) to allow Lookout to provide the Services, including to collect End User Data. Without limiting the foregoing, Customer will provide End Users with prior notice of the scope of the Services, including Lookout's collection and Customer's access to End User Data. Customer — and not Lookout — is responsible for (1) Customer's access to, and potential use of, information obtained through the Enterprise Services, including End User Data; and (2) for all End User(s)' compliance with this Agreement.

c. **Unauthorized Use & Access.** Customer will prevent unauthorized use of the Services by its End Users and terminate any unauthorized use of the Services. Customer is solely responsible for all activity under its Enterprise Account, including all activity by End Users. Lookout will not be liable for any damages or liability resulting from Customer's failure to keep its Enterprise Account and End Users' accounts accurate, up to date, and secure. The Services are not intended for use by End Users under the age of 16. Customer will ensure that it does not allow any person under 16 to use the Services. Customer will promptly notify Lookout of any unauthorized use of, or access to, the Services.

5. End User Devices. When invited to join an Enterprise Account, a user can join an Enterprise Account by downloading Lookout Security for Work application to become an End User of the Enterprise Account.

6. Administrative Users Obligations.

a. **Administrators.** Administrators are responsible for managing Customer's Enterprise Service subscription, any associated Customer account details, and access to End User Devices and Accounts, including other Administrator Accounts, via the Administrative Console and for complying with this Agreement, and applicable laws. Administrators are responsible for (i) maintaining the

confidentiality of passwords and Administrator Accounts; (ii) managing access to Administrator Accounts; and (iii) ensuring that Administrators' use of the Services complies with this Agreement.

b. **Administrative Responsibilities.** The Enterprise Services are designed to provide the Customer and its Administrators with the ability to self-manage the Services and Devices. Management and administration of the Devices is the responsibility of the Customer and not Lookout. Lookout will not be responsible for any liability arising from adding, removing, or otherwise managing the Devices in accordance with Customer's instructions.

c. **Administrative Access to End User Data.** Customer and End Users agree that the Administrators of the Enterprise Services will have access to End User Data, including information about malicious applications, and other relevant information, from the End Users' device. By using the Enterprise Services, all parties agree that Lookout shall not be liable in any manner for the access to, and potential use of, information obtained by Administrators via the Enterprise Service.

7. Restrictions on Use of Enterprise Services.

Customer will not, and will ensure that End Users or third parties do not:

- a. Offer for sale or lease, sell, resell, lease or in any way transfer the Services, or otherwise use the Services for a third-party's benefit;
- b. Copy any Enterprise Services (or component thereof), develop any improvement, modification, or derivative works thereof or include any portion thereof in any other equipment or item;
- c. Attempt to decipher, decompile, disassemble, reverse engineer, or otherwise attempt to derive the source code or underlying ideas or algorithms of the Services or any software or other component used therein;
- d. Attempt to modify, alter, tamper with, repair or otherwise create derivative works of any software used to provide the Services;
- e. Attempt to create a substitute or similar service through use of, or access to, the Services;
- f. Access or attempt to access other accounts hosted by Lookout or other computer systems or networks not covered by this Agreement, for which Customer does not have permission;
- g. Remove, alter or obscure any proprietary rights notices associated with the Services (including copyrights or trademarks), or attempt to do any of the foregoing;

k. Access the Enterprise Services for testing or otherwise for competitive intelligence purposes (including to verify a set of known results), or publicly disseminate test-related information about Enterprise Services (which is Lookout's Confidential Information);

l. Hack or interfere with the Enterprise Services, its servers, or any commercial networks;

m. Register under different usernames or identities, after Customer's account or any End User account has been suspended or terminated; or

n. Circumvent or disable the Enterprise Services or any technology, features, or measures included in the Enterprise Services for any reason, except as required by law. Notwithstanding the foregoing, or any statement to the contrary herein, portions of the Services may be provided with notices and open source or similar licenses from such communities and third parties that govern the use of those portions. Customer hereby agrees to be bound by and fully comply with all such licenses, and any licenses granted hereunder shall not alter any duties or obligations Customer may have under such open source licenses; however, the disclaimer of warranty and limitation of liability provisions in this Agreement will apply to all such software in the Services.

8. Customer Warranty. As a condition to Customer's and its End Users' use of the Services, Customer represents, warrants and covenants that Customer will not use the Services for any improper or illegal purposes, including but not limited to:

a. Infringement of the intellectual property or proprietary rights, or rights of publicity of any third party;

c. Compromising information and data security or confidentiality;

d. Integrating information that has been obtained in violation of any contractual agreement or local, state, or federal law, regulation, or ordinance; and/or

e. Violation of privacy or constitutional rights of any End User, or any other individuals or entities.

Customer, not Lookout, remains solely responsible for all information or material in any form or format that Customer imports, uses, publishes, or otherwise disseminates using, or in connection with, the Services ("Content"). Customer acknowledges that all Content that Customer accesses through use of the Services is accessed at Customer's own risk and Customer will be solely responsible for any damage or liability to any party resulting from such access.

9. Third Party Requests. Customer acknowledges and agrees that the Customer is responsible for responding to a request from a third party for records relating to Customer's or an End User's use of, or Content contained within, the Services ("Third-Party Request"). If Lookout receives a Third-Party Request (including but not limited to criminal or civil subpoenas or other legal process requesting Customer or End User data), Lookout will, to the extent allowed by the law and by the terms of the Third-Party Request, direct the Third Party to Customer to pursue the Third-Party Request. Lookout retains the right to respond to Third Party requests for Customer data where Lookout determines, in its sole discretion, that it is required by law to comply with such a Third-Party request.

10. Support and Maintenance. The support and maintenance services (if any) are detailed in the support package selected by Customer in the Order.

Customer will, at its own expense, be responsible for providing support to its End Users regarding issues that are particular to its End Users' access of Enterprise Services. Customer will use commercially reasonable efforts to resolve any such support issues before escalating them to Lookout or its distributor. If Customer cannot resolve a support issue as set forth above, Customer's Administrator may escalate the issue to Lookout or its partner, and Lookout or its partner will use commercially reasonable efforts to work with Customer to resolve the issue.

11. Confidentiality. Each party undertakes not to disclose to any third party information that is exchanged between the parties, provided that such information is: (i) clearly marked as confidential at the time of disclosure by the disclosing party, or (ii) if disclosed orally, identified as confidential at the time of disclosure, and summarized in writing and transmitted to the receiving party ("Confidential Information"). Each party agrees that it shall use the same degree of care that it utilizes to protect its own confidential information of a similar nature, but in no event less than reasonable care, to protect the secrecy of and avoid disclosure or use of Confidential Information of the other party in order to prevent it from falling into the public domain or the possession of persons other than those persons authorized under this Agreement to have any such information. The confidentiality obligation in this Section does not apply to such information that (a) was lawfully in the receiving party's possession before receipt from the disclosing party; (b) is or becomes a matter of public knowledge through no fault of the receiving party; or (c) was independently developed or discovered by the receiving party without the benefit of any Confidential Information of the disclosing party. Furthermore, Confidential Information of the other party may be disclosed insofar as such disclosure is necessary to allow a party to comply with applicable law, with a decision by a court of law or to comply with requests from government agencies that such party determines require disclosure, but then only after first notifying the other party of the required disclosure, unless such notification is prohibited. Customer shall promptly notify Lookout of any actual or suspected misuse or unauthorized disclosure of Lookout's Confidential Information.

Customer is responsible and shall be liable for any breaches of this Section and any disclosure or misuse of any Confidential Information by Customer's employees or agents (or any other person or entity to which Customer is permitted to disclose Confidential Information pursuant to this Section).

The foregoing confidentiality obligation survives termination of this Agreement for a period of five (5) years, provided that Customer's obligations hereunder shall survive and continue in perpetuity after termination with respect to any Confidential Information that is a trade secret under applicable law.

12. Intellectual Property Rights. Except for the limited license rights expressly provided herein, this Agreement does not grant either party any rights, implied or otherwise, to the other's intellectual property or any rights to use the Lookout trademarks, logos, domain names, or other brand features. No title to or ownership of or other right in or to the Services or software provided by Lookout to access the Services is transferred to Customer or its End Users under this Agreement. Specifically, Lookout retains all rights, title and interest in and to the Enterprise Services, source code, and any other related documentation or material provided by Lookout (including without limitation, all patent, copyright, trademark, trade secret, and other intellectual property rights embodied in the foregoing) and all copies, modifications, and derivative works thereof. The Enterprise Services are licensed and not sold, and no ownership rights are being conveyed to Customer under this Agreement.

13. Publicity. Lookout may identify Customer as a Lookout customer in promotional materials, unless Customer requests that Lookout stop doing so by providing written notice to Lookout.

14. Feedback. If Customer or its End Users provide Lookout with any suggestions, enhancement request, recommendation, correction, or other feedback, Customer and its End Users grant Lookout a worldwide, perpetual, irrevocable, royalty-free license to use any such feedback without restriction or compensation. If Lookout accepts Customer's or its End User's submission, Lookout does not waive any rights to use similar or related ideas or feedback previously known to Lookout, developed by Lookout employees, or obtained from sources other than Customer.

15. Disclaimers. EXCEPT AS EXPRESSLY STATED IN THIS AGREEMENT, LOOKOUT MAKES NO WARRANTIES OF ANY KIND, WHETHER EXPRESS OR IMPLIED, INCLUDING ANY IMPLIED WARRANTY OF MERCHANTABILITY, NON-INFRINGEMENT, OR FITNESS FOR A PARTICULAR PURPOSE. NO ORAL OR WRITTEN INFORMATION OR ADVICE GIVEN BY EITHER PARTY HERETO, ITS AGENTS OR EMPLOYEES SHALL CREATE A WARRANTY OR IN ANY WAY INCREASE THE SCOPE OF THE WARRANTIES SET FORTH IN THIS AGREEMENT.

NOTWITHSTANDING ANY PROVISION TO THE CONTRARY, LOOKOUT DOES NOT WARRANT THAT THE SERVICES WILL MEET ALL REQUIREMENTS OF CUSTOMER OR ANY END USER, OR THAT THE OPERATION OF THE SERVICES WILL BE UNINTERRUPTED OR ERROR FREE, OR THAT ALL DEFECTS IN THE SERVICES WILL BE CORRECTED. FURTHER, LOOKOUT IS NOT RESPONSIBLE FOR ANY DEFECT OR ERROR RESULTING FROM THE MODIFICATION, MISUSE OR DAMAGE OF ANY OF THE SERVICES NOT DELIVERED BY LOOKOUT. LOOKOUT DOES NOT WARRANT AND SHALL HAVE NO LIABILITY WITH RESPECT TO THIRD PARTY SOFTWARE OR OTHER NON-LOOKOUT SERVICES.

16. Indemnification.

a. By Customer. Customer will indemnify, defend, and hold harmless Lookout from and against all liabilities, damages, and costs (including settlement costs and reasonable attorneys' fees) arising out of a claim regarding Customer's (i) breach of its obligations pursuant to Section 4 of this Agreement, or (ii) action, inaction or negligence that results in a circumstance(s) covered by an Indemnity Exclusion.

b. By Lookout. Lookout will indemnify, defend, and hold harmless Customer from and against all damages, and costs (including settlement costs and reasonable attorneys' fees), if any, finally awarded against Customer from any claim of infringement or violation of any U.S. or E.U. issued patent, copyright or trademark asserted against Customer by a third-party based upon Customer's use of the Services in accordance with the terms of this Agreement. The foregoing indemnification obligation for Lookout shall not apply in the following circumstances (each, an "Indemnity Exclusion"): (1) if the Services are modified by any party other than Lookout, but only to the extent the alleged infringement would not have occurred but for such modification; (2) if the Services are modified by Lookout at the request of Customer, but only to the extent the alleged infringement would not have occurred but for such modification; (3) if the Services are combined with other non-Lookout products or processes not authorized by Lookout; but only to the extent the alleged infringement would not have occurred but for such combination; (4) to any unauthorized use of the Services; (5) to any superseded release of the Products if the infringement would have been avoided by the use of a current release of the Services that Lookout has provided to Customer prior to the date of the alleged infringement; or (6) to any third party software code contained within the Services.

c. Possible Infringement. If Lookout believes the Services infringe or may be alleged to infringe a third party's Intellectual Property Rights, then Lookout may at its sole discretion: (i) obtain the right for Customer, at Lookout's expense, to continue using the Services; (ii) provide a non-infringing replacement with substantially similar functionality; or (iii) modify the Services so that they no longer infringe.

d. Indemnity Procedures. The party seeking indemnification will promptly notify the other party of the claim within twenty (20) days of receiving notice of such claim and cooperate with the other party in defending the claim. The indemnifying party has full control and authority over the defense, except that:

(i) any settlement requiring the party seeking indemnification to admit liability requires prior written consent, not to be unreasonably withheld or delayed and (ii) the other party may join in the defense with its own counsel at its own expense. THE INDEMNITIES ABOVE ARE LOOKOUT AND CUSTOMER'S ONLY REMEDY UNDER THIS AGREEMENT FOR VIOLATION BY THE OTHER PARTY OF A THIRD PARTY'S INTELLECTUAL PROPERTY RIGHTS.

17. Limitation of Liability.

a. NEITHER LOOKOUT NOR CUSTOMER SHALL BE LIABLE TO THE OTHER PARTY, OR ANY END USER, OR ANY OTHER THIRD PARTY WITH RESPECT TO ANY PRODUCT, SERVICE OR OTHER SUBJECT MATTER OF THIS AGREEMENT FOR ANY PUNITIVE, INDIRECT, SPECIAL, EXEMPLARY, CONSEQUENTIAL OR INCIDENTAL DAMAGES (INCLUDING LOSS OF PROFITS, REVENUE, OR DATA), WHETHER ARISING IN CONTRACT, IN TORT (INCLUDING BUT NOT LIMITED TO NEGLIGENCE), OR ANY OTHER CAUSE OF ACTION ARISING OUT OF OR RELATING TO THIS AGREEMENT AND/OR ITS TERMINATION OR NON-RENEWAL.

b. EXCEPT FOR ANY AMOUNTS AWARDED TO THIRD PARTIES ARISING UNDER SECTION 16 OF THIS AGREEMENT, EACH PARTY AGREES THAT THE AGGREGATE AND CUMULATIVE LIABILITY OF LOOKOUT FOR DAMAGES HEREUNDER SHALL IN NO EVENT EXCEED THE AMOUNT OF FEES PAID BY CUSTOMER TO LOOKOUT OR ITS PARTNER UNDER THIS AGREEMENT DURING THE TWELVE MONTH PERIOD IMMEDIATELY PRECEDING THE INITIATION OF ANY CLAIM FOR DAMAGES.

18. Data Protection. If Customer's use of the Service requires Lookout to process personal data falling within the scope of EU Regulation 2016/679 (the "GDPR"), the GDPR as it forms part of United Kingdom law (the "UK GDPR"), the Swiss Federal Data Protection Act of 19 June 1992, or other relevant US data protection laws that may be applicable, the Data Processing Addendum ("DPA") set out at https://info.lookout.com/rs/051-ESQ-475/images/Lookout-DPA_180516_v2.pdf shall apply. The DPA shall hereby be incorporated into this Agreement by reference. In the event of any conflict between the terms of the DPA and this Agreement as they relate to End User Data, the DPA shall prevail to the extent of such conflict.

19. Term. This Agreement will remain in effect for the Subscription Term specified as set forth in the Order or until the Agreement is terminated as provided below.

20. Termination. Either Lookout or Customer may suspend performance or terminate this Agreement if: (i) the other party (including any End User of Customer) is in material breach of the Agreement and fails to cure that breach within 30 days after receipt of written notice of such breach or (ii) the other party ceases its business operations or becomes subject to insolvency proceedings and the proceedings are not dismissed within 90 days. Notwithstanding the foregoing, (i) either party may terminate this Agreement immediately in the event of a material breach by the other party of its

obligations under Section 11 and (ii) Lookout may terminate this Agreement immediately in the event of a material breach by Customer of its obligations under Sections 2, 4, 6, or 7 or if any payment owed by the Customer is more than 60 days overdue.

21. Effects of Termination. a. If this Agreement terminates: (i) the rights granted by Lookout to Customer will cease immediately (except as set forth in this section); and (ii) the rights granted by Lookout to End User will cease immediately.

b. The following provisions of this Agreement shall survive the termination or expiration of this Agreement: Sections 1, 2(b)(ii), 7, 9, 12, 13, 14, 15, 16, 17, 18, 19, 21, and 22.

22. General Terms.

a. Entire Agreement. This Agreement, together with the Enterprise User Terms of Service and any Orders constitute the entire agreement between Lookout and Customer with respect to its subject matter, and supersedes all prior and contemporaneous proposals, statements and agreements. In the event any provision of this Agreement is held by a court or other tribunal of competent jurisdiction to be invalid or unenforceable for any reason, that provision will be enforced to the maximum extent permissible under applicable law, and the other provisions of this Agreement will remain in full force and effect. The parties further agree that in the event such provision is an essential part of this Agreement, they will negotiate in good faith a replacement provision to replicate the intention of such provision to the maximum extent permitted under applicable law.

b. Notices. Except as provided in Section 22(i), notices required or permitted by this Agreement must be in writing and must be delivered as follows: (i) in person or by courier; or (ii) by reputable private domestic or international courier with established tracking capability (such as DHL, FedEx, or UPS), postage pre-paid, and addressed to Customer at the postal address on record by Lookout or such other address as a party may specify by previously confirmed written notice. Notices shall be deemed received upon date of delivery. All notices to Lookout must be sent to: Lookout Inc., 3 Center Plaza, Suite 330, Boston, MA (USA) 02108, Attn: Legal Department, with Subject "NOTICE". Unless otherwise specified, Notices to Customer will be sent to the address on record by Lookout.

c. Governing Law. THIS AGREEMENT, AND ALL CLAIMS OR CAUSES OF ACTION (WHETHER IN CONTRACT, TORT OR STATUTE) THAT MAY BE BASED UPON, ARISE OUT OF OR RELATE TO THIS AGREEMENT, OR THE NEGOTIATION, EXECUTION OR PERFORMANCE OF THIS AGREEMENT (INCLUDING ANY CLAIM OR CAUSE OF ACTION BASED UPON, ARISING OUT OF OR RELATED TO ANY REPRESENTATION OR WARRANTY MADE IN OR IN CONNECTION WITH THIS AGREEMENT, OR AS AN INDUCEMENT TO ENTER INTO THIS AGREEMENT), SHALL BE GOVERNED BY AND ENFORCED IN ACCORDANCE WITH THE INTERNAL LAWS OF THE STATE OF NEW YORK U.S.A, INCLUDING ITS STATUTES OF LIMITATIONS, WITHOUT REGARD TO ANY BORROWING STATUTE THAT WOULD RESULT IN THE APPLICATION OF THE STATUTE OF LIMITATIONS OF ANY OTHER JURISDICTION. ALL CLAIMS ARISING OUT OF OR RELATED TO THIS AGREEMENT OR THE SERVICES MUST BE LITIGATED EXCLUSIVELY IN THE FEDERAL OR STATE COURTS OF NEW YORK, AND THE PARTIES EXPRESSLY CONSENT TO VENUE AND PERSONAL JURISDICTION THERE. This Agreement shall not be governed by the provisions of the United Nations Convention on Contracts for the International Sale of Goods and Uniform Computer Information Transactions Act (UCITA), or any similar federal laws or regulations enacted, to the extent allowed by law shall not apply to this Agreement.

d. If Customer is a government or an agency or other unit of government located in the United States (a "US Government Customer") and the law establishing or otherwise governing such Customer expressly requires Customer to enter into contracts under a particular law and/or prohibits any choice of law provision imposing any law other than the law under which Customer is authorized to act, then the preceding paragraph shall not apply with respect to the US Government Customer's use of the Lookout Enterprise Service while performing in its official government capacity.

e. Assignment. Customer may not assign or transfer any part of this Agreement without the written consent of Lookout. Lookout may not assign this Agreement without providing notice to Customer, except Lookout may assign this Agreement without such notice to an affiliate or in connection with a merger, acquisition, corporate reorganization, or sale of all or substantially all of its assets without providing notice. Any other attempt to transfer or assign is void. Subject to the foregoing, this Agreement will be binding on the parties and their successors and assigns.

f. No Relationship. No agency, partnership, joint venture or employment is created between the parties as a result of this Agreement. Except as specifically provided herein, neither party is authorized to create any obligation, express or implied, on behalf of the other party, nor to exercise any control over the other party's methods of operation.

g. Force Majeure. If either party is prevented from performing any portion of this Agreement (except the payment of money) by causes beyond its control, including labor disputes, civil commotion, war, governmental regulations or controls, casualty, inability to obtain materials or services or acts of God, hardware failure, interruptions or failure of the Internet or third-party network connections, such party will be excused from performance for the period of the delay and for a reasonable time thereafter.

h. Third Party Beneficiaries. Except as explicitly provided herein, there are no third party beneficiaries to this Agreement.

i. Terms Modification; Waiver. Lookout may revise this Agreement from time to time and the most current version will always be posted on the Lookout website. If a revision, in Lookout's sole discretion, is material, Lookout will notify Customer through the Administrative Console with Subject "NOTICE – AGREEMENT MODIFICATION" or, as otherwise by notice sent to Customer's address on record by Lookout. Other revisions may be posted to Lookout's terms page, and Customer is responsible for checking such postings regularly. By continuing to access or use the Services after revisions become effective, Customer agrees to be bound by the revised Agreement. If the amended Agreement includes any material adverse changes to Customer's rights or obligations and Customer does not wish to continue using Enterprise Services under the terms of the Amended Agreement, Customer may cancel the Services by providing Lookout written notice within thirty (30) days of the availability of the amended Agreement. Otherwise, no waiver, amendment or modification of any provision of this Agreement, and no variance from or addition to the terms and conditions of this Agreement in any Order or other written notification, shall be effective unless in writing and agreed to by the parties hereto. No failure or delay by either part in exercising any right, power or remedy under this Agreement shall operate as a waiver of such right, power or remedy. No waiver of any term, condition or default of this Agreement shall be construed as a waiver of any other term, condition or default. This Agreement will not be supplemented or modified by any course of dealing or usage of trade.

j. Export Restrictions. The export and re-export of Services may be controlled by the United States Export Administration Regulations or other applicable export restrictions or embargo. The Services may not be used in Cuba; Iran; North Korea; Sudan; or Syria or any country that is subject to an embargo.

by the United States and Customer must not use the Services in violation of any export restriction or embargo by the United States or any other applicable jurisdiction. In addition, Customer must ensure that the Services are not provided to persons on the United States Table of Denial Orders, the Entity List, or the List of Specially Designated Nationals.

k. Government Users. Nothing herein makes Lookout a government contractor. If Customer is a government user or otherwise accessing or using the Lookout Service in a government capacity, the Amendment to License Agreement for Government Users located at <https://www.lookout.com/legal/enterpriselicenseagreement-government> shall apply to Customer.

THE LIMITATIONS ON LIABILITY SET FORTH IN THIS SECTION REPRESENT A FUNDAMENTAL TERM OF THE SERVICES AND NEITHER MARKETSPARK NOR CUSTOMER WOULD HAVE AGREED TO THESE TERMS WITHOUT THEIR INCLUSION.

9.2. MarketSpark does not control how emergency 911 calls are answered or handled by any local emergency response center. MarketSpark disclaims all liability and responsibility for the actions and conduct of any and all national and local emergency response centers. MarketSpark relies entirely upon third parties to route emergency 911 calls to local and national emergency response centers. MarketSpark and its authorized resellers disclaim any and all liability and responsibility resulting from the absence, failure or outage of the emergency 911 services, including without limitation the emergency dialing service or access to emergency service personnel, or in the event such third-party data used to route the calls is incorrect or produces an erroneous result. Neither MarketSpark nor its officers, directors, members, shareholders, employees or authorized resellers may be held liable for any claim, damage or loss, and Customer hereby waives any and all such claims or causes of action arising from or related to, emergency 911 Services; provided, however, that this disclaimer will not apply to MarketSpark where such claims arose from MarketSpark's gross negligence, recklessness or willful misconduct. Except in emergencies, MarketSpark will endeavor to provide prior notice of maintenance windows. Any impact on the Services as a result of maintenance will not be deemed a breach of these Terms and will not entitle Customer to any credit, refund, or right to terminate any affected Service.

APPENDIX

911 TERMS AND CONDITIONS

MarketSpark provides its 911 Services (defined below) subject to these 911 Terms and Conditions (the “911 Terms”).

1. **911 Definitions.** For the purposes of these 911 Terms, the following terms will have the following meanings:
 1. “911 Call(s)” means any call made dialing the digits 9-1-1, regardless of whether such call is made using Basic 911, Enhanced 911, or a PSAP.
 2. “911 Services” means functionality that allows end-users to contact emergency services by dialing the digits 9-1-1.
 3. “Approved Uses” means the provision of Enhanced 911 and/or Basic 911 to (a) End Users who principally utilize such services at such End User’s residence and occasionally at other locations; (b) End Users that are enterprises that use either an on-site or hosted Private Branch Exchange (“PBX”) during customary business hours and should reasonably be expected to have reasonably customary 911 usage patterns due to the nature of such enterprise’s business or operations; for clarity, the provision of Enhanced 911 service and/or Basic 911 service to enterprises that use either an on-site or hosted PBX but operate outside customary business hours, including, without limitation, assisted living facilities, nursing homes and other similar facilities, and to which Sections 1.c.vii and/or 1.d, below, do not apply; or should not reasonably be expected to have reasonably customary 911 usage patterns due to the nature of such enterprise’s business or operations and do not constitute “Approved Uses”; (c) End Users that operate non-emergency call center(s) that should reasonably be expected to have only occasional use of 911 due to the nature of such call center’s business or operations; for clarity, central station alarm and other

similar call centers that direct calls to emergency services do not constitute “Approved Uses”; and (d) End Users that operate call center(s) that support the deaf and/or hard of hearing community, which are more commonly known as “relay services.”

4. “Basic 911” means the ability to route an emergency call to the designated entity authorized to receive such calls serving the Customer’s Registered Emergency Address. With Basic 911, the 911 professional answering the phone will not have access to the End User’s telephone number or emergency address information unless the End User provides such information verbally during the emergency call.
5. “E911 Authority” means a municipality or other state or local government unit, or an authorized agent of one or more municipalities or other state or local government units to whom authority has been lawfully delegated to respond to public emergency telephone calls, at a minimum, for emergency police and fire services through the use of one TTN. For clarity, an E911 Authority may be an individual PSAP, or an entity responsible for the management and operation of multiple PSAPs within a given geographic area.
6. “End User” means the individual placing a 911 Call from a Customer’s TTN (defined below).
7. “Enhanced 911” or “E911” means the ability to route an emergency call to the designated entity authorized to receive such calls serving the Customer’s provided address and to deliver the Subscriber’s telephone number and corresponding Registered Emergency Address or REA information automatically to the 911 professional answering the call.
8. “P-Asserted-Identity” means a header field used among trusted SIP entities (typically intermediaries) to carry the identity of the user sending a SIP message as it was verified by authentication.
9. “Private Branch Exchange” or “PBX” means a telephone system within an enterprise that switches calls between enterprise users on local lines while allowing all users to share a certain number of external phone lines.
10. “Public-Service Access Point” or “PSAP” means an answering location for 911 Calls originating in a given area. The E911 Authority may designate a PSAP as primary or secondary, which refers to the order in which calls are directed for answering. Primary PSAPs answer calls; secondary PSAPs receive calls on a transfer basis. PSAPs are public safety agencies such as police, fire, emergency, medical, etc., or a common bureau serving a group of such entities.
11. “Registered Emergency Address” or “REA” means the physical address provided by the Customer to be used for E911 and Basic 911, which may be used to dispatch police, fire, emergency medical and other emergency response resources.
12. “SIP” means Session Initiation Protocol, which is the signaling protocol used between VoIP networks to establish, control and terminate voice calls.
13. “Subscriber” means an End User or telephone device assigned a TTN.
14. “TTN” or “MarketSpark Trunk Number” means a United States or Canada telephone number bought by the Customer from MarketSpark and assigned to a trunk for use with
 1. MarketSpark’s elastic SIP trunking service.
15. “VoIP” means Voice over Internet Protocol.

2. 911 Service Description and Use of Service.

1. **E911 Services.** With E911, when an End User places a 911 Call, such call will typically be routed to the local PSAP that covers Customer’s REA. In limited circumstances, as further described below in Section 1.c.ii, the 911 Call may be routed to a Regardless of which PSAP the 911 Call is routed to, if and only if the associate trunk is properly provisioned, the 911 professional will receive the (1) TTN associated with the 911 Call and (2) Customer’s REA.
2. **Basic 911.** With Basic 911, when an End User places a 911 Call, this call is always sent to the local PSAP serving the End User’s physical location. 911 professionals answering 911 Calls from End Users will not automatically receive the associated TTN or REA because the PSAP to which the 911 Call was routed will not be equipped to receive, capture, or retain End User’s assigned TTN or REA. Accordingly, End Users must provide both call-back and emergency address information to the 911 professionals. If the 911 Call is dropped or disconnected, or if the End User is unable to speak, then the 911 professional will not be able to call the End User back or dispatch emergency assistance to the End User’s physical location. As additional local PSAPs are able to answer E911 calls, MarketSpark will upgrade Customer from Basic 911 to E911 service. MarketSpark is not obligated, however, to notify Customer of the upgrade. In limited circumstances, Customers equipped with Basic 911 may have their calls routed to a PSAP, as further described below.

3. **PSAP Service.** Certain TTNs will not have access to either Basic 911 or E911 services. If Customer has TTNs that do not have access to either E911 or Basic 911, 911 Calls will be routed to a PSAP. A 911 professional at the PSAP will ask for End User's name, telephone number, and location, and then transfer the End User to the appropriate local PSAP or otherwise determine the best way to provide emergency services to the End User. As with Basic 911, 911 professionals answering calls in a PSAP will not receive the End User's TTN or REA because PSAPs are not equipped to receive, capture or retain this information. Accordingly, the End User must provide this information to the 911 professional. Other reasons that an End User's 911 Calls may be sent to a PSAP is if (a) there is a problem validating the REA provided by Customer during provisioning, (b) Customer is located in an area that is not covered by the landline 911 network, or (c) Customer has Basic 911 or E911 service but these calls fail to complete and are routed to a PSAP for failover purposes.
3. Notwithstanding any term or condition of these 911 Terms to the contrary, Customer will only utilize MarketSpark's E911 and/or Basic 911 services pursuant to these 911 Terms for Approved Uses.
4. Customer will ensure that End Users do not block their TTN on a device they are using when placing a 911 Call and the TTN shall be made available in the From/P-Asserted-Identity SIP headers of the incoming SIP request.
5. Customer acknowledges and agrees that MarketSpark can only provide E911 call routing in territories where the PSAP or E911 Authority offers E911. All other 911 calls made by End Users successfully registered in MarketSpark's database will be routed using the ten-digit outbound trunks or a 911 professional.
6. Customer will provide MarketSpark with and keep current the correct and valid REA for each TTN for which the Customer desires 911 Services. The REA provided must include sufficient information to enable emergency responders to locate the End User and must comply with all Multi-line Telephone System ("MLTS") requirements applicable to Customer. For example, one MLTS requirement may be that for each End User and Subscriber located in a multi-floor building, Customer must include a floor or suite number as part of the REA. MARKETSPARK WILL NOT HAVE ANY LIABILITY WHATSOEVER FOR ANY DAMAGE, LIABILITIES, LOSSES, OR ANY OTHER CONSEQUENCES CAUSED BY CUSTOMER'S FAILURE TO KEEP ITS AND ITS END USERS' REA INFORMATION UPDATED. Customer will provide a TTN with every Subscriber and/or End User call presented to MarketSpark for processing. MarketSpark will have no obligation to provide 911 Services with respect to any Subscriber or End User call that does not include a TTN and will not be liable for any claims arising from any efforts undertaken by MarketSpark to provide 911 Services under such circumstances.
7. **Customer Obligations.** (i) Customer will be solely responsible for compliance with all applicable laws and/or other governmental requirements imposed or required by any state or other applicable governmental authority; and (ii) Customer will inform any party using (or any party that might use) the 911 Services of the difference between traditional 911 and VoIP 911 service in compliance with all applicable laws and/or other governmental requirements imposed or required by any governmental authority, including, without limitation, the Federal Communications Commission ("FCC"). For clarity, MarketSpark will not be responsible if 911 Service is unavailable due to loss of power; certain features may not be compatible with 911 service; and MarketSpark reserves the right to refuse provisioning or modification of features or service if such provisioning or modification adversely affects 911 service.
8. **Customer Testing.** Customer will be solely responsible to test the 911 Services after installation and periodically throughout the Term and will notify MarketSpark if Customer notes any issues at any time with the Service. Customer agrees to test 911 Services and share the results of such testing at the request of MarketSpark.
9. **Equipment; Connection; Customer's Responsibilities.** MarketSpark will not provide any equipment or any electronic tools, except as may be expressly set forth in writing and executed by Customer and MarketSpark. Customer must connect to MarketSpark's network in a manner and at locations determined by MarketSpark. Customer will, at Customer's sole cost and liability as between Customer and MarketSpark, be solely responsible for (i) providing and successfully installing any and all equipment, software and the like necessary for End Users to use any service offered or sold by Customer; and (ii) any and all support for any End User to which Customer offers or sells services.
10. **Charges and Rates.** If applicable, Customer shall pay an additional fee per TTN enabled to use the 911 Services ("911 Fee").
11. CUSTOMER ACKNOWLEDGES AND AGREES THAT MARKETSPARK'S EMERGENCY SERVICE IS INTERNET-BASED AND THAT INTERNET 911 SERVICES ARE DIFFERENT THAN THAT OF A TRADITIONAL WIRELINE SERVICE. CUSTOMER FURTHER

ACKNOWLEDGES THAT THE MARKETSPARK EMERGENCY SERVICE MAY NOT SUPPORT BASIC 911 OR E911 DIALING IN THE SAME MANNER AS A TRADITIONAL WIRELINE PHONE SERVICE. FOR BASIC 911 OR E911 TO BE ACCURATELY ROUTED TO THE APPROPRIATE EMERGENCY RESPONDER, THE CUSTOMER MUST PROVIDE THE REA FOR THE ASSOCIATED TTN.

12. CUSTOMER ACKNOWLEDGES AND AGREES TO INFORM END USERS OF THE POTENTIAL COMPLICATIONS ARISING FROM BASIC 911 OR E911 DIALING. SPECIFICALLY, CUSTOMER ACKNOWLEDGES AND AGREES TO INFORM ALL EMPLOYEES, GUESTS, AND OTHER THIRD PERSONS WHO MAY ALSO BE END USERS THAT BASIC 911 AND E911 SERVICES WILL NOT FUNCTION IF THERE IS A SERVICE FAILURE DUE TO ANY OF THE FOLLOWING CIRCUMSTANCES: (A) POWER FAILURE, (B) SUSPENDED OR TERMINATED BROADBAND SERVICE, (C) SUSPENSION OF SERVICES DUE TO BILLING ISSUES, (D) USE OF CERTAIN FEATURES WHICH ARE NOT COMPATIBLE WITH 911 SERVICES, AND/OR (E) ANY OTHER SERVICE OUTAGES NOT DESCRIBED HEREIN. MARKETSPARK RESERVES THE RIGHT TO REFUSE PROVISIONING OR MODIFICATION OF FEATURES OR SERVICE IF SUCH PROVISIONING OR MODIFICATION ADVERSELY AFFECTS THE 911 SERVICES.
13. CUSTOMER FURTHER ACKNOWLEDGES THAT FAILURE TO PROVIDE A CORRECT PHYSICAL ADDRESS IN THE REQUISITE FORMAT MAY CAUSE ALL BASIC 911 OR E911 CALLS TO BE ROUTED TO AN EMERGENCY SERVICE PROVIDER NOT LOCATED NEAR THE END USER. FURTHERMORE, CUSTOMER RECOGNIZES THAT USE OF THE 911 SERVICES FROM A LOCATION OTHER THAN THE LOCATION INDICATED IN THE REA MAY RESULT IN BASIC 911 OR E911 CALLS BEING ROUTED TO AN EMERGENCY SERVICE PROVIDER NOT LOCATED NEAR THE END USER.
14. CUSTOMER ACKNOWLEDGES AND AGREES THAT NEITHER MARKETSPARK, ITS UNDERLYING CARRIER, AND ANY OTHER THIRD PARTIES INVOLVED IN THE ROUTING, HANDLING, DELIVERY OR ANSWERING OF 911 SERVICES OR IN RESPONDING TO 911 CALLS, NOR THEIR DIRECTORS, OFFICERS, SHAREHOLDERS, EMPLOYEES, OR AGENTS MAY BE HELD LIABLE FOR ANY CLAIM, DAMAGE, LOSS, FINE, PENALTY, OR COST (INCLUDING, WITHOUT LIMITATION, ATTORNEYS' FEES AND COSTS) ARISING FROM OR RELATING TO THE PROVISION OF ALL TYPES OF EMERGENCY SERVICES TO CUSTOMER AND CUSTOMER HEREBY WAIVES ANY AND ALL SUCH CLAIMS OR CAUSES OF ACTION ARISING THEREFROM.
15. **E911 Limitation of Liability.** Customer agrees that MarketSpark, its affiliates, its authorized resellers, and their respective directors, officers, shareholders, employees, and agents will not be liable for any loss or damage sustained by Customer or ANY End Users due to any failure in or breakdown of the communication facilities associated with providing the 911 Services, or for any delay, interruption, or degradation of the Services whatsoever; provided, however, that MarketSpark remains liable for gross negligence or willful misconduct by MarketSpark, its directors, officers, shareholders, employees, and agents.
16. In no event will the liability of MarketSpark or its authorized resellers to Customer for any loss arising out of the 911 Services provided pursuant to these 911 Terms or any errors, interruptions, defects, failures or malfunctions of the 911 Services provided pursuant to these 911 Terms, including, without limitation, any and all equipment and data processing systems associated therewith, exceed an amount equal to the total Charges paid by Customer in the twelve (12) months preceding the claim. Customer waives any claim that these exclusions or limitations deprive it of an adequate remedy or cause these 911 Terms to fail of its essential purpose. Customer further acknowledges, understands and agrees that MarketSpark has no control over how a foreign administration or third-party carrier establishes its rules and conditions pertaining to international telecommunications service.

purchasing the One Talk service under the Contract along with any Customer end users using the Service.

Customer Agreement. Customer's use of the Service is subject to all Contract terms. This applies regardless of whether the end user device is on the Customer's account or paid for by the end user (e.g. a Bring Your Own Device arrangement between Customer and end user).

How the Service Works. For the Service to work on wireless devices, Customer must select the line on your agency's profile to which you wish to add the One Talk feature. Each One Talk phone number can be shared between devices with the following limits: (a) up to five smartphones and/or tablets using the One Talk Mobile App or Microsoft® Windows® and/or Apple® Mac® computers using the One Talk Desktop App, a single LTE Desk phone and a single standard desk phone or (b) up to five smartphones and/or tablets using the One Talk Mobile App or Microsoft® Windows® and/or Apple® Mac® computers using the One Talk Desktop App, two standard desk phones and a single smartphone using One Talk. You may only make voice and/or video calls with up to three (3) devices per One Talk phone number at the same time. The Service is not compatible with all price plans and desk phones are not available under all contracts. Check with your sales representative for plan compatibility with the Service and the availability of desk phones under the Contract.

Customer is solely responsible for managing its end user access to the One Talk Service, management of end user devices and management of information transmitted via the Service. Addition of devices and associated Service features is managed and administered by the Customer through Verizon Wireless' web portal.

A. One Talk Components

One Talk Dialers. If available, the One Talk Dialers (Basic, Enhanced, and Native) add various business features to a compatible device's native dialer, which on a compatible smartphones (see <https://www.verizonwireless.com/support/compatible-one-talk-devices/> for a current list of supported devices.) With One Talk in Dialer mode, Customer's One Talk phone number will be the same as its Verizon Wireless phone number. Customer can obtain access to One Talk features by dialing numeric codes. Other devices that you select will share the same One Talk phone number.

One Talk Mobile App. The One Talk Mobile App is available for smartphone and tablets either from the Google Play™ Store for devices with Android™ 6.0 or higher or from the Apple® App Store for devices with iOS 10.0 or higher. To use the Service, Customer must add a One Talk phone number to the Mobile App and end users must use the Mobile App to make voice and video calls and to send and receive messages. You can also obtain access to One Talk features through the Mobile App. With the Mobile App, the device will have two phone numbers – one for its original native dialer (if available), and the other for the One Talk number. Other associated devices will share the same One Talk number.

Users may install the One Talk Mobile App on a compatible device, including devices receiving service from other carriers. In such circumstances, One Talk phone numbers must be added to their devices, and the users will be Verizon Wireless subscribers for purposes of the Service only, even if they continue to use a different carrier for their original mobile telephone numbers. In order to use messaging through the One Talk Mobile App, the customer also must add the Message+ App.

Message+ App. The Message+ App provides an integrated and customized messaging experience across an end user's mobile phone, tablet, PC, and other devices, and an integrated calling experience across a user's mobile phone and tablet. (Note that integrated calling is not part of the One Talk Service.) An end user can also send group, location and other multimedia messages ("MMS") in addition to traditional text messages. The Message+ App includes an Integrated Messaging feature that lets users send and receive text and multimedia messages on an end user's smartphone, tablet, computer or the web using a user's Verizon One Talk mobile telephone number. The service syncs up to 90 days of messages across an end user's devices.

One Talk Desk Phones. Each One Talk Desk Phone is a device that must be approved by and purchased from Verizon Wireless. At your location, you will need separate AC power and connectivity (e.g., through cellular service, broadband service, Ethernet or Wi-Fi). Check with your Verizon Wireless sales representative for the availability of desk phones under the Contract.

Auto Receptionist: Hunt Group. In order to utilize either of these features, Customer must activate a new Verizon Wireless line or port in a line from another carrier. The settings for the line must be configured using the One Talk section of the My Business web portal.

B. Charges

For each One Talk line, you will be charged a monthly recurring fee for the Service, in addition to the charges for data, voice, and messaging based on your service plan. Charges for international use may apply. You may be assessed additional 911 surcharges if required by law, for up to a maximum of three devices on each mobile phone number during the applicable billing cycle.

Desk Phones. Voice and video calls to and from One Talk desk phones will consume data on your existing broadband, cellular, or Wi-Fi connection.

The following applies if you use the VZW network to connect to the Service:

One Talk Dialers (Basic, Enhanced, and Native). Adding the One Talk feature to a smartphone does not consume any data. If you have a device that supports video calling, the voice portion will be billed as

minutes of use and the video portion will be billed as data. Voice calls will be billed as minutes of use only.

One Talk Mobile App. Your download of the One Talk Mobile App will consume approximately 30 MB of data. Your use of the Service (including your download of the One Talk Mobile App) will be billed as data.

One Talk Desktop App. Your download of the One Talk Desktop App will consume approximately 110 MB of data. Voice and video calls to and from the One Talk Desktop App will consume data on your existing broadband connection.

Desk Phones. Voice and video calls to and from One Talk desk phones will consume data on your existing broadband connection. **Auto Receptionist; Hunt Group.** You will be charged a monthly recurring fee for each Auto Receptionist and Hunt Group line in your company's profile.

Integrated Calling Charges (Message+). Integrated Calling does not have a separate monthly service fee, but data usage charges will be incurred in accordance with Customer's service plan. If a call is transferred among connected devices, each transfer will be billed as a separate call. Also, depending on the service address, Customer may be assessed an additional 911 charge if required by law. Any call made from a tablet to a U.S. number will be treated as a domestic call, no matter where the call originates. Any call made from a tablet to a non-U.S. number will be treated as an international long distance call that originates in the U.S., which is subject to U.S. taxes, fees and Verizon surcharges, no matter where the call actually originates. These calls will be billed in accordance with Customer's international calling plan and/or international Contract rates.

Emergency 911 Calls. End users can make a 911 call over a Wi-Fi connection when using the Service, but whenever possible, end users should avoid doing so because 911 calls over a WiFi connection will not work if there is a failure of your broadband connection or electrical power, or if the 911 system doesn't recognize the address. In addition, when using a One Talk desk phone, voice functionality (including the ability to make and receive 911 calls) will not be available during a power outage, connection failure or other service disruption. Before any desk phone can be activated or the Service can be activated on any device, Customer must enter the U.S. address where Customer wants emergency services to be sent if end users call 911. It is not necessary to use the same address for all devices. It is very important that Customer updates its 911 address whenever Customer changes its location for any of these devices because this is the location that will be given to emergency services when end users dial 911. End users can go to their mobile device's Settings and change their 911 address at any time. Customer can change the 911 address for a desk phone on the One Talk section of the My Business webportal. Note: With a device using the One Talk Mobile App or the One Talk Desktop app, emergency services will use the 911 address you entered only if you use Wi-Fi to make the 911 call; otherwise, your device's built-in capabilities will provide the location of your device.

Integrated Messaging Text Message Feature. To send and receive SMS messages, Mobile devices associated with either One Talk Basic Dialer (if available) or One Talk Mobile App must download the Message+ App to the device. The Integrated Messaging functionality of Message+ enables you to synchronize messages across multiple devices, including smartphones, tablets and the web. Text messages sent and received while using the Service are separate from the [native texting app](#) (dual numbers) and are only temporarily retained on the One Talk message platform in the cloud. End users with access to the Service on a Smartphone or the Mobile Client can retrieve/download any text message sent or received using the Service.

HIPAA. Integrated Messaging is not designed for secure transmission or storage of personal healthcare information. Therefore, Customer agrees not to use Service to store or transmit Protected Health Information (PHI) as defined in the Health Insurance Portability & Accountability Act of 1996 and the Health Information Technology for Economic and Clinical Health Act of 2009 and accompanying regulations (collectively "HIPAA"). Covered Entities and Business Associates (as defined by HIPAA) will not use Integrated Messaging to store or transmit PHI. Customers that do not want its end users to

save messages to the cloud (including all Covered Entities and Business Associates, as defined by HIPAA), must have an authorized representative block Integrated Messaging. For further information, go to <https://web.vma.vzw.com/BusinessProduct>. To learn more about HIPAA, go to: <http://www.hhs.gov/ocr/privacy/hipaa/understanding/index.html>.

One Talk from Verizon Terms & Conditions

One Talk from Verizon Terms & Conditions

One Talk from Verizon, together with its related devices, software and applications ("**Service**" or "**One Talk**" or "**One Talk Standard**"), is a business telephone solution that brings together the functions of desk phones and mobile devices (smartphones and tablets) into a unified system, with all devices sharing the same communication features (see <https://www.verizon.com/support/one-talk-features/> for a listing of features available with the Service). Before you start using the Service, we want you to know some important things.

This Addendum modifies the contract (the "**Agreement**") between you as our Customer ("**You**") and Verizon Wireless ("**VZW**", "**We**" or "**Us**") under which you purchase cellular service. It sets forth the terms and conditions under which you agree to use and we agree to provide the Service. By using the Service, you accept these Terms and Conditions, which may be modified by us from time to time. By continuing to use the Service after we have notified you of changes, you agree to accept those changes.

1. Customer Agreement

Your use of the Service is subject to all of the terms in your Agreement, whether the Service is paid for by a business customer or by an end user.

2. Term

Notwithstanding any provisions to the contrary regarding service or term commitments in any other part of this Agreement, the following provision governs the use of the Service. When One Talk is activated, service for each line will be on a month-to-month basis, unless You elect an optional one or two-year contract for desk phone hardware only (for which early termination fees may apply). If You choose month-to-month service, You may terminate the Service for any line upon thirty (30) days prior written notice, without penalty.

3. How the Service Works

For the Service to work, you must select the lines on your company's profile to which you wish to add the One Talk feature. Each One Talk phone number can be shared between devices with the following limits: (a) up to five smartphones and/or tablets using the One Talk Mobile App or Microsoft® Windows® and/or Apple® Mac® computers using the One Talk Desktop App, a single LTE Desk phone and a single standard desk phone or (b) up to five smartphones and/or tablets using the One Talk Mobile App or Microsoft Windows and/or Apple Mac computers using the One Talk Desktop App, two standard desk phones and a single smartphone using One Talk in Native Dialer or Enhanced Dialer mode. You may only make voice and/or video calls with up to three devices per One Talk phone number at the same time.

4. One Talk Available Options

Auto Receptionist. An automated Receptionist (AR) is a telephony system that transfers incoming calls to various extensions as specified by callers, without the intervention of a human operator. The settings for the line must be configured using the One Talk admin portal. You will be charged a monthly recurring fee for each Auto Receptionist line in your company's profile.

Hunt Group. Hunt Group is a set of connections and rules that route incoming calls to a group of users until someone is available or all users have been tried. If a call is routed through the Hunt Group and every user is busy, the call is then routed to a designated phone number. The settings for the line must be configured using the One Talk admin portal. You are eligible to activate a Hunt Group within your Enterprise Customer Profile Database (ECPD) profile if you have activated at least one One Talk line on a Smartphone, Desk Phone or Mobile App. You will not be charged a monthly recurring fee for any Hunt Group lines in your company's profile.

One Talk Call Queue. One Talk Call Queue allows callers to be virtually put on hold when all the call queue agents are busy, and once an agent becomes available, the call is released from the queue to the available agent. You must add the Call Queue Agent feature to each recipient line that will receive calls from the call queue. A Call Queue Agent is a designated person employed by your business who will receive the calls routed to them by Call Queue. You will be charged a monthly recurring fee for each Call Queue line and Call Queue Agent in your company's profile. The call queue settings must be configured in the One Talk admin portal.

One Talk Native Dialer and Enhanced Dialers. The One Talk Native Dialer and Enhanced Dialers add various business features to the native dialer on a compatible smartphone (see <https://www.verizon.com/support/compatible-one-talk-devices/> for a current list of supported devices). With One Talk in Native Dialer or Enhanced Dialer mode, your One Talk phone number will be the same as your VZW phone number. You can obtain access to One Talk features by dialing numeric codes. Other devices that you select will share the same One Talk phone number.

One Talk Desk Phones. Each One Talk Desk Phone is a device that must be approved by and purchased from Verizon. At your location, you will need separate AC power and connectivity (e.g., through cellular service, broadband service, Ethernet or Wi-Fi).

One Talk Desktop App. The One Talk Desktop App is available for Microsoft Windows computers and Apple Mac computers. Please see the One Talk Supported Device List for minimum software requirements, located here <https://www.verizon.com/support/compatible-one-talk-devices/>. To use the Service, you must add a One Talk phone number to the Desktop App, and you must use the Desktop App to make voice and video calls and to send and receive messages. You can also obtain access to One Talk features through the Desktop App.

One Talk Mobile App. The One Talk Mobile App is available for smartphones and tablets via the Google Play™ Store or from the Apple App Store®. Please see the One Talk Supported Device List for minimum software requirements located here <https://www.verizon.com/support/compatible-one-talk-devices/>. To use the Service, you must add a One Talk phone number to the Mobile App, and you must use the Mobile App to make voice and video calls and to send and receive messages. You can also obtain access to One Talk features through the Mobile App. With the Mobile App, your device will have two phone numbers – one for its original native dialer and the other for the One Talk number. Other associated devices will share the same One Talk phone number. Users may install the One Talk Mobile App on any compatible device, including devices receiving service from other carriers. In such circumstances, One Talk phone numbers must be added to their devices, and the users will be VZW subscribers for purposes of the Service only, even if they continue to use a different carrier for their original mobile telephone numbers.

Premium Visual Voicemail. Premium Visual Voicemail is direct-access voicemail with a visual interface. Such an interface presents a list of messages for playback, as opposed to the sequential listening required using traditional voicemail, and includes a transcript of each message.

5. Charges

For each One Talk line activated in any of the available One Talk Service, Verizon will charge a monthly fee (Monthly Recurring Fee) for the Service, and either your wireless carrier or your broadband provider will bill data, voice, and messaging charges based on your existing service plan.

The One Talk monthly recurring fee charged to a customer is based on volume tiered pricing and only applies to paid One Talk lines of service:

- Smartphone with One Talk service
- One Talk Desk Phone (primary device)
- One Talk App (primary device) (mobile/desktop client)
- One Talk Auto Receptionist
- One Talk Call Queue

Volume tiered pricing is based on 4 volume tiers:

- 1 - 9 paid One Talk lines
- 10 - 24 paid One Talk lines

- 25 - 99 paid One Talk lines
- 100+ paid One Talk lines

Active lines at the end of each bill cycle for all accounts under the customer's business profile with Verizon will aggregate together to determine the volume pricing tier.

Charges for international use may apply. You may be assessed additional 911 surcharges if required by law, for up to a maximum of three devices on each One Talk phone number during the applicable billing cycle.

One Talk Native Dialer and Enhanced Dialer. If you are using a device on the VZW network and the device supports video calling, the voice portion of the video call will be billed as minutes of use and the video portion will be billed as data under your existing mobile service plan. If you are using a device on Wi-Fi and the device supports video calling, the voice and data portions of the video call will only be billed as data under your broadband plan. Voice calls will be billed as minutes of use only. Adding One Talk Native Dialer and Enhanced Dialer can be done in two ways:

- Add One Talk to your existing corporate liable Verizon Wireless smartphone plan, in which case your One Talk number will be the same as your current number on that plan.
- Add the One Talk eSIM Unlimited Voice and Text plan for Native and Enhanced Dialer to your dual SIM capable smartphone that is compatible with the Verizon network. This provides a secondary line of service with its own One Talk number. The One Talk eSIM plan includes unlimited talk and text in the United States, Mexico and Canada. If more than 50% of your total talk and text in a 60-day period is in Canada or Mexico, use of those services in those countries may be removed or limited. This plan does not include data. If you intend to use data on this smartphone line, you must have a data plan on your first line of service. Month-to-month agreement required. Verizon feature functionality may be limited if the smartphone was not purchased from Verizon. For more information about dual sim capable smartphones, visit <https://www.verizon.com/support/dual-sim-with-esim-faq/>.

One Talk Mobile App. Your use of the Service (including your download of the One Talk Mobile App) will be billed as data under either the mobile service plan for the applicable device or by your Wi-Fi broadband provider.

One Talk Desktop App. Voice and video calls to and from the One Talk Desktop App will consume data on your existing broadband connection.

Desk Phones. Voice and video calls to and from One Talk Desk Phones may consume data from your existing connectivity provider. Any charges related to such use will depend on the costs associated with your connection (whether broadband, cellular, or otherwise). Customers who elect a one or two-year commitment must pay an Early Termination Fee (ETF) when disconnecting service prior to the end of the service term. The amount due is based on the length of time left on the service contract. The ETF is calculated based on the contract effective date and disconnect date.

Virtual Devices. For virtual devices including Auto Receptionist, Hunt Group and Call Queue, there are no data charges associated with the use of these lines.

Integrated Messaging Text Message Feature. The Integrated Messaging feature enables the messaging service for the One Talk mobile application. This allows the user to send and receive messages within the One Talk app, and allows those messages to be synchronized across up to five (5) One Talk apps that share the same One Talk number

- **HIPAA.** Integrated Messaging is not designed for secure transmission or storage of personal healthcare information. Therefore, Customer agrees not to use Service to store or transmit Protected Health Information (PHI) as defined in the Health Insurance Portability & Accountability Act of 1996 and the Health Information Technology for Economic and Clinical Health Act of 2009 and accompanying regulations (collectively "HIPAA"). Covered Entities and Business Associates (as defined by HIPAA) will not use Integrated Messaging to store or transmit PHI. Customers that do not want its end users to save messages to the cloud (including all Covered Entities and Business Associates, as defined by HIPAA), must have an authorized representative block Integrated Messaging. For further information, go to <https://web.vma.vzw.com/BusinessProduct>. To learn more about HIPAA, go to: <http://www.hhs.gov/ocr/privacy/hipaa/understanding/index.html>.

6. Emergency 911 Calls

Emergency calls to 911 can be placed without dialing a prefix. 911 calls are routed to the local emergency response center based on the 911 address information associated with the user. If it can't be routed directly to the local emergency response center, the 911 call will be routed to the national emergency response center. 911 address information for a user is assigned in the following ways:

- **Desk Phones:** The company's admin that is responsible for the One Talk service can edit/modify the 911 address associated with the user's desk phone within the One Talk portal. Within the One Talk portal, a valid street address, city, state, and zip code can be entered along with additional address information, i.e. suite, apartment, room numbers.
- **Smartphone Mobile Client:** The One Talk mobile client requires the user to place the 911 call through the user's smartphone device vs. using the mobile client. If the user tries to place the 911 call via the One Talk client, it will redirect the call via to the smartphone native phone application
- **Tablet Mobile Client:** The One Talk mobile client requires the user to enter a valid 911 address when setting up the mobile client. The user is prompted to confirm the 911 address when a change in location has been detected.
- **PC/MAC Desktop Client:** The One Talk desktop client requires the user to enter a valid 911 address when setting up the desktop client. The user is prompted to confirm the 911 address when a change in the location has been detected.
- **Native Dialer Smartphone:** 911 calls when using a native dialer smartphone use the e911 service within the wireless network. [E911 compliance FAQs](#)

You can make a 911 call over a Wi-Fi or Ethernet connection when using the service; however, calls over a Wi-Fi or Ethernet connection will not work if there is a failure of your connection, electrical power, or the 911 system does not recognize your address. If you have a power or connectivity loss, an alternate method for contacting 911 may be needed. Before any One Talk Desk Phone can be activated or the Service can be activated on any device, you must enter the U.S. address where you want emergency services to be sent if you call 911. It is not necessary to use the same address for all devices. It is very important that you update your 911 address whenever you change your location for any of these devices, because this is the location that will be given to emergency services when you dial 911. You can go to your Mobile App Settings and or One Talk Desktop App settings and change your 911 address at any time, or change the 911 address for a One Talk Desk Phone on the web portal.

4. **INSTALLATION**

4.1. **Installation Services:** Where requested in an Order, VCF will perform Installation Services either directly or through a Service Partner, at a mutually agreed-upon time and location. Non-powered Asset Vehicle Tracking Units that are part of a VCF Solution require Self-Install (as described below). VCF or its Service Partners will install Devices in Vehicles at a mutually agreed location. Prior to performance of Installation Services, Customer must provide to VCF an accurate list of Devices to be installed and the address(es) where Devices should be shipped. Customer personnel must be onsite during performance of Installation Services to: (i) provide keys and access to Vehicles; (ii) allow for Vehicle inspections; and (iii) acknowledge any installation-related issues. If Customer personnel do not remain onsite during the entirety of the installation process, the installation will be deemed accepted when completed. The following services are outside the scope of Installation Services, which VCF will not be obligated to perform: (a) procure, install, or configure mobile devices; (b) install tablets or tablet mounts; or (c) train Customer on how to self-install Devices or other hardware. Generally, VCF will require two to three weeks’ lead time to begin installations. Installers will follow generally accepted industry standards when performing Installation Services. Customer must provide any specific installation requests in advance in writing. Before proceeding with any Installation Service that involves more work than is standard and customary, VCF will advise and obtain Customer approval for additional fees to be charged for such non-standard installation. VCF’s inability to install a Device in Customer Vehicles due to unavailability of Customer or Vehicles shall not relieve Customer of its duty to pay any fees pertaining to such Vehicle(s). Customer acknowledges and agrees that installation of the Device may involve drilling holes, rewiring, and performing other similar alterations to the Vehicle and that VCF has no obligation to restore the

Vehicle to its original state after removal of Devices. When Installation Services are completed, the installer will provide an installation log to Customer documenting any issues found.

4.2. Self-Install of Devices: In the event that Customer or its employees, agents, representatives, or contractors carries out installation or de-installation of Devices ("Self-Install"), Customer shall be responsible for compliance with all applicable laws related thereto and the proper installation of the Device. Customer acknowledges and understands that VCF will not be obligated in any way for the installation of any Self-Install Devices. VCF shall not be liable for any issues, losses, or damages whatsoever in connection with the Self-Install of Devices, including, without limitation, if Devices or VCF Services are not able to properly function, unless such damage has been caused by the negligent act or omission of VCF, or is the result of an issue covered by the warranty for the Device. DNS Service is enhanced with threat intelligence feeds from the Verizon Threat Research Advisory Center which, learning from internet activity patterns, automatically uncovers current and emerging threats to continually keep the network safe.

The DNS Service platform operates as a DNS resolver that converts domain names to IP addresses which allows the platform to prevent IP connections to known malicious sites. When a legitimate domain is resolved, the DNS Service returns the actual IP address.

- 1.3 **Service Features for DNS Service Advanced.** The following service features are included with DNS Service Advanced.

Verizon Mobile for Microsoft Teams Terms and Conditions Addendum

Verizon Mobile for Microsoft Teams is a service that utilizes existing Verizon Wireless network services to route calls through Microsoft Teams (the "Service"). The service, when applied to an eligible Verizon Wireless voice plan, will fully integrate your chosen Verizon Wireless telephone number into the Microsoft Teams cloud calling and team collaboration solution. Once connected, your end user will be able to use their wireless numbers to receive inbound and make outbound calls integrated with their Enterprise Microsoft Teams instance. The end user's wireless number becomes a true Microsoft Teams endpoint allowing them to access the Microsoft Teams enterprise experience enabled by your Microsoft Teams license while utilizing the existing Verizon Wireless network services enumerated on your voice plan for PSTN and wireless termination. This provides the end user the option of placing outbound calls through the traditional collaboration enhanced Microsoft Teams application, integrated IP Phone, or now directly through the native dialer on the end user's Verizon mobile device.

Before you start using the Service, we want you to know some important things. This Addendum modifies the contract (the "**Agreement**") between you as our Customer ("**you**") and Verizon Wireless ("**Verizon**", "**VZW**", "**we**" or "**us**") under which you purchase cellular service. It sets forth the terms and conditions under which you agree to use and we agree to provide the Service. By using the Service, you accept these Terms and Conditions, which may be modified by us from time to time. By continuing to use the Service after we have notified you of changes, you agree to accept those changes.

1. **Customer Agreement.** Your use of the Service is subject to all of the terms in your Agreement, whether the Service is paid for by a business customer or by an end user.
2. **Term.** Notwithstanding any provisions to the contrary regarding service or term commitments in any other part of the Agreement, the following provisions govern the use of the Service. When Verizon Mobile for Microsoft Teams is activated, service for each line will be on a month-to-month basis. You may terminate the Service for any line upon thirty (30) days prior written notice, without penalty.

3. **How the Service Works.** For the Service to work, you must select the lines on your companies' profile to which you wish to add the Verizon Mobile for Microsoft Teams feature. Each Verizon Mobile for Microsoft Teams phone number must be added to a single smartphone 4G or 5G capable device. Verizon will enable the Service and send the applicable telephone number(s) you assigned to the identified Microsoft Teams customer tenant. Once the telephone number is available to assign in Microsoft Teams it is your responsibility to complete setup with your Teams interface to create users and assign them to the appropriate telephone number. Once assigned Verizon will route all traffic to and from Teams to the PSTN as needed to complete calls utilizing the Verizon wireless cellular network.

0. **Verizon Mobile for Microsoft Teams Management and Support**

Verizon Management. Verizon will manage and support call routing into our platform, to Microsoft, and to the PSTN as needed for external termination. Verizon will provide appropriate administration tools to allow you to add or remove the feature from your Verizon line and to understand the feature routing status for each provisioned line. Verizon will communicate with Microsoft to send the telephone numbers assigned by you to Microsoft. Verizon will route calls to Microsoft once configuration is completed in Microsoft Teams to allow successful calling.

Microsoft Management. Microsoft is responsible to handle active calls once sent by Verizon and to apply any call treatments based on current Microsoft Teams PBX call configurations established by you. Microsoft is solely responsible for any voice mail or call recording as is set in the Microsoft Teams platform. All Microsoft Teams phone or device apps are managed and controlled exclusively by Microsoft. All licensing for feature management is similarly managed and controlled by Microsoft with capabilities available per your Microsoft Teams licensing agreements.

0. Charges

Charge Initiation. For each Verizon Mobile for Microsoft Teams line activated, Verizon will charge a monthly fee (Monthly Recurring Fee) for the Service, and Verizon will bill data, voice, and messaging charges based on your existing service plan. The charge will begin when the Service has been successfully added and the telephone numbers are available for assignment to any identified user setup by your Microsoft Teams administrator.

Charge Termination. Line level Monthly Recurring Fee will be stopped only when your Verizon administrator removes the Service from the given telephone number and associated voice service plan. Termination is not dependent on Microsoft Teams routing status and telephone number association.

General. Charges for international use may apply according to your Verizon Wireless calling plan. You may be assessed additional 911 surcharges if required by law, for up to a maximum of three devices on each mobile phone number during the applicable billing cycle.

0. Emergency 911 Calls

Description. 911 will be terminated by Verizon Wireless according to the end user’s cellular geo- location if dialed from an assigned mobile device native dialer using the Verizon cellular network. If 911 is dialed from a Microsoft provided app on the phone, laptop, tablet, or desktop; or from a stationary desk IP Phone using a data network connection, the location defined for 911 by your Microsoft Administrator within Microsoft Teams will be used for routing purposes.

Microsoft Configuration. It is your responsibility to update the assigned 911 address for each user according to the management policies defined by Microsoft. If there is no address assigned within

Microsoft Teams for a user initiating a 911 call from a Microsoft Teams client application or connected IP phone, Verizon will complete the call into an Emergency Call Relay Center for live address determination and or verification.

Data or Wi-Fi Origination. When using a Verizon Mobile for Microsoft Teams desk phone or data connected app, voice functionality (including the ability to make 911 calls) will not be available during a power outage, connectivity failure or other service disruption. Note: the end user can make a 911 call over a Wi-Fi connection when using the Service, but is advised that 911 calls over a Wi-Fi connection will not work if there is a failure of the connection, electrical power, or the 911 system does not recognize the end user's address.

Emergency Calling Testing. Emergency calling testing for both native and ported numbers must be performed by you unless additional professional services are ordered via a separate Professional Services Order. You must ensure that a test emergency call is placed and that the address as shown in the relevant local emergency number management system is validated as being correct.

End User Notification. You are solely responsible for informing your end users about any emergency calling restrictions. Your failure to do so may result in emergency calls failing to be delivered or being sent to the wrong location and thus delay or preclude emergency service response, which could result in injury or death.

0. **Privacy.** We may use information about your use of the Service in accordance with the [Verizon Privacy Policy](#).

Vendor Privacy. Verizon Mobile for Microsoft Teams enables Verizon wireless smartphone voice communications by routing calling through Microsoft Teams. When you enable this feature, Verizon shares information with Microsoft about end users, such as the phone number and call-related data. This information will be handled by Microsoft in accordance with Microsoft's privacy practices. You authorize Verizon to share your data with Microsoft and acknowledge that any customer requirements for data security will be covered under your separate agreement with Microsoft.

0. **Confidentiality.** You agree that any information (e.g., Microsoft Customer Tenant ID) that is shared with Verizon in configuring Verizon Mobile for Microsoft Teams will remain our Confidential Information.

0. **Third Party Products**

General. If you use any third party products or applications with Verizon Mobile for Microsoft Teams, you authorize us to share information with third parties, including Microsoft, that is necessary for these services to operate. Some information from those third party products or applications may be transmitted into your account with us if you authorize such transmissions (Third Party Account Information) and any such Third Party Account Information transmitted to our applications or services will then be covered by our Privacy Policy. You may opt not to disclose such information to us from third party products or applications, but keep in mind some information may be needed in order for you to take advantage of some or all of the applications' or products' intended features.

Disclaimer. With respect to all third party products and applications, you agree that: (1) we disclaim all warranties, express or implied, (2) we are not responsible and shall have no liability for such products or applications, and (3) you are solely responsible and liable for you and your end user's use of such products and applications.

0. Service Limitations

Services Compatibility. The Service is not compatible with certain Verizon services such as One Talk, Premium Voice Mail, Voice Mail Block, and Number Share. These services must be removed prior to feature enablement and may not be enabled while Verizon Mobile for Microsoft Teams service is active.

(x) 11 Services. Verizon will support all (N)11 services from the users assigned mobile device native dialer. Microsoft does not support the following (N)11 services from their managed calling applications or IP phones accessed over a data network: 211, 311, 511, 711, 811.

Dial Plan Conflicts. Microsoft Teams is responsible for all dial plan permissions. For any calling permissions that Verizon allows but Microsoft Teams does not allow, the Microsoft Teams PBX will be in control of that permission. This includes for international dialing/calling capability, and any caller ID specified

Short Dial. Verizon will not support short dialing from the Verizon wireless phone native dialer to another Microsoft Teams Enterprise user.

Voice Mail Removal and Retention. Adding the Verizon Mobile for Microsoft Teams feature will remove the Verizon voice mail associated to any existing and identified wireless line. It is your or your end user's responsibility to move and save any needed voicemail prior to activation of the Service with Verizon. Verizon does not guarantee that voice mail will be retained in any form. The end user will switch to Microsoft Teams provided voice mail and must setup according to established Microsoft configuration and procedures.

Wireless Priority Service. Wireless Priority Service (WPS) is impacted by call routing to Microsoft. Verizon will support WPS call prioritization at its radio access network. Such prioritization will be removed when the call is transferred to the Microsoft data network for call routing.

Network Performance Dependency. Call routing and overall quality of service is dependent upon Microsoft for completion. Verizon is not responsible for call traffic while it is in the Microsoft Azure data center(s) or network for routing and termination, nor if delivered through customer specific non-Verizon owned data networks for app or IP phone connectivity.

Domestic (US Based) Data Handling Dependency. You must address directly with Microsoft Teams their handling of your data.

Verizon RCS Terms of Service – Government Addendum

If you do not agree with these terms of service ("Terms"), you must stop using Verizon's RCS Service. You are responsible for your end users' compliance with these Terms. You can discontinue your use of RCS Service by turning off this setting in the messages app through which you access RCS Service, or by reaching out to your Verizon account representative and requesting that RCS Service be blocked. RCS Messages are transmitted over the Internet, and therefore you may incur data charges in connection with your use of RCS Service. Further, if the number with which you wish to exchange RCS Messages is not RCS eligible, your messages may be transmitted as standard text messages (SMS/MMS) instead, which will count toward your device's messaging plan.

RCS Service. RCS Service allows you to use Rich Communication Services protocol ("RCS") to send and receive messages ("RCS Messages"). RCS Messages are exchanged via telephone numbers and may go through other service providers (like carriers or other messaging apps) to reach those telephone numbers. Additionally, unlike SMS/MMS messages, which are native to Verizon's network, RCS Messages use third-party cloud service; this is inherent in RCS Service and cannot be changed. You agree that your device may occasionally be checked for RCS capabilities to ensure you can send and receive RCS Messages. Verizon may occasionally exchange your device information (including device identifiers or SIM card information) with its service providers to provide RCS Messages.

Eligibility. To use RCS Service, you must have an eligible device and messaging client and a valid U.S. mobile number, and you must agree to these Terms. RCS Service will not work if there are messaging or data blocks on your account. RCS Service is not currently compatible with Message Archiving, Priority and Preemption. Product compatibility may change without notice.

RCS Service is not HIPAA compliant and not designed for secure transmission or storage of personal healthcare information. Do not use RCS Service for the sending of confidential information or to store or transmit Protected Health Information (PHI) as defined in the Health Insurance Portability & Accountability Act of 1996 and the Health Information Technology for Economic and Clinical Health Act of 2009 and accompanying regulations (collectively "HIPAA").

RCS Service is not FedRAMP/StateRAMP authorized. RCS Service also does not include security or monitoring products or services, which must be purchased separately. You are responsible for keeping your device(s) secure.

In the event that the use case for any of your lines of service makes those lines ineligible for RCS Service, you must either turn off RCS Service in your messages app, or contact your Verizon account representative to request that RCS Service be blocked from those lines of service.

Changes to and Availability of RCS Service. Verizon may change, upgrade, improve, discontinue, suspend, or modify RCS Service or any part, supported devices or platforms, or any features at any time without notice. You agree that Verizon has no obligation to provide any feature or part of RCS Service and that we may suspend or discontinue RCS Service at any time in whole or in part at our discretion. RCS Service may be interrupted, including for maintenance, repairs, upgrades, new releases, network or equipment failures, or if we terminate or suspend your use of RCS Service. Some alerts reflect scheduled maintenance and have no impact on services. Your authorized contact will receive notifications regarding potential outage impacts.

Verizon Wireless Private Network Terms and Conditions

- 1. Verizon Wireless Private Network Service ("Private Network"):** Private Network extends Customer's IP network to its wireless equipment by segregating the data between such devices and Customer's servers from the public Internet (the "Internet"). Customer's use of Private Network is subject to the Private Network Roles and Responsibilities Customer Guidelines, which are available from your Sales representative.
- 2. Customer Minimum Line Requirement:** Customer must maintain a minimum of 100 Machine- to- Machine lines at all times during the term of its Agreement in order to remain eligible for Private Network. If Customer falls below the 100-line minimum, Verizon Wireless reserves the right to discontinue Private Network for non-use.
- 3. Connection to Verizon Wireless Facility:** Customer must establish a direct-connect circuit from its facilities to Verizon Wireless's facilities by the use of Virtual Private Network, Verizon Private IP, or Fixed End System connections. Customer is solely responsible for making arrangements with a local access provider for installation and ongoing maintenance of such a connection, with sufficient data throughput to meet Customer's anticipated data needs. Customer is also responsible for all charges incurred directly or through a third party associated with establishing the connection, as well as for accessing Private Network, including Internet access fees, hardware, software, license fees, and telecommunications charges.
- 4. Customer Provided Equipment ("CPE"):** Customer must procure routers and any other CPE that meet Verizon Wireless requirements for Private Network connectivity. Customer is responsible for ensuring any CPE meets its data capacity and throughput needs.
- 5. IP Addresses:** Customer is responsible for procuring private IP addresses, which must be communicated to Verizon Wireless during implementation. Private Network supports static and dynamic addressing for 1X service and/or EVDO service; 4G LTE service; and Internet addressing system Internet Protocol version 4. Direct Internet access requires static IP addressing.

6. **Dynamic Mobile Network Routing (“DMNR”):** DMNR allows configuration of Private Network for dynamic routing to the subnets it serves (up to eight) to other devices on Customer’s network and as support for mobile or stationary routers. DMNR is based off Mobile IPv4-based Network Mobility protocol and requires the router to be configured to support this capability. Customer is responsible for any charges associated with the customization of its CPE to support DMNR.
7. **Service Based Access (“SBA”):** SBA is an optional configuration of Private Network that enables customers to access Verizon’s Visual Voice Mail; multimedia messaging services; and 3G location-based services assisted Global Positioning System. Customer is responsible for any charges associated with the customization of its CPE to support SBA.

Verizon Wireless Private Network Traffic Management

8. **Private Network Traffic Management (PNTM):** PNTM allows Customer to configure its Private Network to allow differentiated Quality of Service (QoS) by application over Verizon Wireless’s LTE network using standards-based IP packet marking. Customer can identify applications on its 4G LTE devices to get priority QoS over its Private Network. While PNTM for Public Safety enables a dedicated data channel, Verizon Wireless makes no guarantee of Wireless Service availability, which is subject to the limitations of wireless service availability as detailed in the Agreement. PNTM for Public Safety is only available to Customers approved by Verizon Wireless that qualify as Public Safety Entities classified by the following Qualifying Public Safety NAICS codes a) 621910 Ambulance Services; b) 922110 Courts; c) 22120 Police Protection; d) 922130 Legal Counsel and Prosecution; e) 922140 Correctional Institutions; f) 922150 Parole Offices and Probation Offices; g) Fire Protection; h) 922190 Other Justice, Public Order, and Safety Activities or i) National Security.

The contact shall be available during business hours and any other time period that Customer utilizes Private Network for the purpose of assisting to resolve service problems and troubleshooting.
10. **Private Network Implementation and Testing:** Verizon Wireless will implement Customer’s Private Network, which requires Customer to a) provide any information (e.g., account numbers, IP address ranges, router/CPE information) necessary to complete the Private Network Connectivity Form; b) participate in a Private Network turn-up call to ensure that CPE is properly configured to support the Private Network connection; and c) participate in a Solution Validation call to confirm that Private Network is working properly from Verizon Wireless to Customer’s applications.
11. **Wireless Devices/Network Access:** Customer must use Private Network-compatible end-user Equipment and at Customer’s expense must submit any devices not identified as Private Network compatible to Verizon Wireless, for network testing and Private Network certification.

Private Network functionality is available on the Verizon Wireless 3G and 4G data network, subject to the limitations defined in this Addendum. While Private Network functionality may also be available on the networks of Verizon Wireless's domestic and international roaming partners, Verizon Wireless makes no representation of Private Network availability or reliability on such networks.

- 12. Permitted Use/Fraud:** Customer shall use Private Network only for lawful purposes and shall not send or enable via the Private Network connection, by way of example, any SPAM, viruses, worms, trap doors, back doors or timers, nor shall Customer engage in any mail-bombing or spoofing via Private Network. Customer is responsible for the security of its network and end-user devices and is responsible for any unauthorized access to the Private Network. Verizon Wireless will treat any traffic over the Private Network as authorized by Customer. Verizon Wireless reserves the right but is not obligated to filter fraudulent usage.
- 13. Maintenance/Service Changes/Termination of Private Network Service:** Verizon Wireless may limit access to Private Network in order to perform maintenance to the service and will use reasonable efforts to provide Customer with prior notice of such maintenance. - 14. No Warranties:** Verizon Wireless makes no warranties, express or implied, with respect to Private Network, which it provides to Customer on an "AS IS" basis "WITH ALL FAULTS" and "AS AVAILABLE." The accuracy, timeliness, completeness, suitability, or availability of any aspect of Private Network cannot be guaranteed. THE IMPLIED WARRANTIES OF MERCHANTABILITY, FITNESS FOR A PARTICULAR PURPOSE, AND NON-INFRINGEMENT ARE HEREBY EXPRESSLY DISCLAIMED IN THEIR ENTIRETY. The foregoing limitations, exclusions and disclaimers shall apply to the maximum extent permitted by applicable law. Verizon Wireless makes no representation that it supports any service levels with respect to the availability, performance, capacity, uptime or any similar metrics of Private Network.
- 15. NO RESELLING:** Customer cannot resell Private Network/Private Network Traffic Management service(s) or allow third parties to use Private Network/Private Network Traffic Management service(s) or access Private Network/Private Network Traffic Management service(s) without prior written permission from Verizon Wireless.
