**Subject : Notice of Changes to Shared Use for Interstate Switched Access Services and Interstate Special Access Services in Verizon FCC Tariffs and BDS PG**

April 5, 2024

Audience: CLECs, Wireless Carriers, IXCs, ISP and Resellers

**Subject: Notice of Changes to Shared Use for Interstate Switched Access Services and Interstate Special Access Services in Verizon FCC Tariffs and Business Data Services (BDS) Product Guide**

Effective immediately, Verizon[1] has modified shared use for Special Access Services under the BDS Product Guide. Verizon is also filing at the FCC, under Transmittal 1443, tariff revisions modifying shared use for Switched Access Services and Special Access Services in Verizons Tariff Nos. 1, 11, 14 and 16 for effect on April 20, 2024.

Shared use (i.e., Switched Access Services provided over a digital high capacity Special Access facility) is allowed. The facility will be ordered, provisioned and rated as Special Access until such time as the Customer chooses to use a portion of the available capacity for providing Switched Access Service. Further terms and conditions apply as set forth in the above-referenced revisions to the BDS Product Guide and tariffs.

The tariff changes are available at [verizon.com/tariffs](https://www.verizon.com/tariffs) on April 5, 2024. The BDS Product Guide changes are available at [verizon.com/productguides](https://www.verizon.com/productguides)[2] on April 5, 2024.

For additional information, please see [verizon.com/tariffs](https://www.verizon.com/tariffs) or contact your account manager.
